Our Silver Sale Continues. Despite present conditions we are, during this sale, offering many desirable sterling silver and silver-plated articles greatly reduced—many to half price. S. Kind & Sons, 1110 Chestnut St.

THE TAILORING OF MEN'S CLOTHES. THE genius of Rodin could animate a lifeless lump of sculptor's clay and transform it into a masterpiece. In less gifted hands it would remain—a lump of clay. So it is in clothesmaking. A fabric may be of the finest virgin wool, but unless it is cut with practised skill and tailored with infinite care—it is only so much yardage. Your Kirschbaum suit is cut over a pattern chalked by a designer accomplished in the art of draping woollens to fit varying human dimensions. From basting stage to finish, the garment is shaped to your proportions—its style and fitting qualities put lastingly into it by adroit handwork and thousands of deft needle strokes. No mere surface glossing with a pressing iron which the slightest wear will undo. Appreciating the decisive influence of good tailoring upon the looks and the wear of clothes, men more and more are insisting upon the label of the maker they know—a label which tells them unmistakably by what code of standards the garment has been produced! Kirschbaum Suits and Topcoats made in Philadelphia are for sale at LIT BROTHERS 8th and Market Streets Men's Section—Second Floor REID & FORT 1204 Chestnut Street Also 11 South 15th Street
