

# Americans, the time is **NOW!**

**T**HE guns of the Third Liberty Loan roar this day.

It is America's third great drive against Germany's brute-lust for power.

It must sweep the land in a raging fire of American patriotism that will cast death's shadow on the foes of Liberty, justice and human happiness.

You must join hands, every one, in an outpouring of American gold, a demonstration of American unity and purpose that will make the whole world thrill and strike the sneer from the lips of the War Lord at Berlin.

For the sake of the living wall of our own boys in the path of the foe, and for the only peace worth having, you must lend to your country every penny that can be spared, to buy every Liberty Bond that you can.

The Government has offered Three Billions of 4 1/4% Bonds. In the scale of Patriotism that's a small amount. Help to make it Six Billions.

—And the time is NOW!
