PROVIDE THE SINEWS OF WAR **BUY LIBERTY BONDS**

1. 537

THE POWER and efficiency of our Navy must be maintained and increased; the size and equipment of our armies expanded: the bridge of ships to France built and put into operation.

Philadelphia is the nation's shipbuilding centre. Super-human activity in our dozen immense shipyards along the Delaware, from Bristol to Wilmington, will soon have telling effect. The Hog Island yard alone is a giant in the making and its output of cargo ships will help to bring our Allies relief, and then overwhelming victory for us all.

But the Sinews of War-MONEY -must be furnished-must come from those of us here at home who are striving to put our Resources back of our Forces. We must buy Liberty Bonds-buy all we can-and then keep on buying them. A good investment, yes-but a vital, absolute necessity that each of us must meet."
