

# For Freedom, Honor, Home, Life

Surely, Liberty Bonds at  $4\frac{1}{4}\%$  interest—Guaranteed by the U. S. Government, is all sufficient to bring out your last dollar, even if part of it is invested in attractive securities.

If the millions of Huns roll back the brave men who are fighting for you, your preferred investments will not save you from the disasters that have pierced the hearts of Belgium, France, Italy, Poland, Serbia and Russia.

Are you going to wait until destruction and death set hands upon YOU before YOU begin to fight?

**YOUR MONEY** is a powerful weapon NOW and the way to make it count is to invest in Liberty Bonds—your only security against the loss of everything worth living for. Don't be a coward and hide behind the selective draft. Come out and fight with your money.

There is immediate and urgent need for every dollar you can spare.  
You are only *lending* not giving your money.  
Your Government guarantees the return of your money with interest.

*The Time to Act Is Now!*
