

# Will you let them die in vain?

After a raid by the Germans on trenches held by American troops, a lone sentry of ——— Infantry was found with his throat cut from ear to ear. He had been surprised by an overwhelming force of Germans and must have been so killed after capture. —Official Bulletin.

We wrestle with the savagery that kills after capture and then mutilates. You must think of the murderer's knife-thrust that awaits prisoners, or where death lurks for the fallen in No Man's Land.

You must back with your dollars the American boys who face death's red horizon.

They can stop the Hun with steel—the steel your bonds must buy. Pay in easy installments if you must, but Buy! Buy! Buy!
