GIRL ARTISTS AID LIBERTY LOAN WITH COMIC SKETCHES

A crowd that jammed City Hall courtyard in front of the war information booth was both entertained and edified when young women students from the Academy of the Fine Arts gave them convincing reason for investing in Liberty Bonds in a series of bright and original blackboard sketches. The rapidly made sketches were both humorous and serious, and their message was effectively carried to all.

Parallels the Quiet Of the Pencil THIRTY people busy in your office disturb you. But let even a single typewriter interrupt the quiet of the scene and your whole train of thought runs behind schedule. You try to concentrate on some office specifications. Click-click-click—and the thought is gone. You try to fix your mind on an important interview. Click-click-click—and you begin again. The Noiseless Typewriter gives you all the advantages of the noisy typewriter, with none of its disadvantages. It takes the handicap off all manner of thinking, and raises office efficiency to the concentration point. —and all of this without sacrificing speed, touch or fine quality of work. The Noiseless is the full development of the typewriter. Write, call or telephone for a demonstration.
