THE DICTAPHONE

Write for booklet, "The Man at the Desk"

The Voice of Modern Business

The Dictaphone fits the speed requirements of modern business. It whips the mail from the dictator's desk to its destination at the swiftest pace that mail can take.

The Dictaphone fits the economy needs of modern business. It can produce more mail with fewer people and less effort than any other system.

This is majority opinion. It is more than opinion. It is the crystallized experience of thousands of users in your vicinity.

Every office is depleted of man power. The Government keeps on asking for men and women qualified to handle its tremendous volume of correspondence.
