Means Pay-Roll Efficiency

THE International Pay-Roll Machine is three machines in one: a visible adding and listing machine, a money-paying machine and a pay-roll scheduling machine. It entirely eliminates all the burden and all the possible errors in the paymaster's office. While adding the pay-roll it automatically determines the number of pieces of each denomination of coin or currency needed. It pays coin into employes' envelopes at the rate of thirty per minute, adding, listing and recording every transaction. You must see it demonstrated to appreciate
