

The Kaiser's Workingman— and Uncle Sam's

In Germany labor is a slave to the Kaiser and the military gang. Labor is driven at the point of the bayonet to do the tyrants' will. The workers in the factories, the mines and the shipyards are *compelled* to work. If they resist, they face the firing squad.

In the United States the workingman is honored by all, protected by the Government and the courts, rewarded by high wages, short hours and splendid prosperity.

A German victory and the Kaiser's system will soon be driving American labor. Germany *must* be defeated!

Free workingmen of America, rise in your might and defy the Kaiser! Let him feel the knuckles of your hard American fists!

Buy Liberty Bonds! Buy all you can swing! A dollar a week will buy one bond in less than a year. Make yourself afford more if you can—then leave the rest to Uncle Sam.

There is immediate and urgent need for every dollar you can spare. You are only *lending* not giving your money. Your Government guarantees the return of your money with interest. If you cannot buy more than one Liberty Bond, *buy that one!* *The Time to Act Is Now!*
