Goethals and Schwab Confer Today on Transportation Problem

BUILD LARGE VESSELS

Three Standard Types of Carriers Likely to Be Solution Urged

Washington, April 24.—The war department's transportation board today met at a conference here today, to discuss the transportation problem.

Major General Goethals, acting in capacity as director of traffic and movement of the war department, will be the chief speaker.

Major General Schwab, director of the emergency fleet corporation, will be the other speaker.

"THE MAN WITH TWINS," FORGER, SUICIDE IN CELL

Found Hanging by Strips of Towel When Keeper Visits Him

New York, April 24.—Samuel Cohen, "the man with twins," charged with forging checks, hanged himself yesterday in Raymond street jail, Brooklyn.

His method was to induce a saloon-keeper to cash a forged check, after announcing himself as the father of twins and ordering a quantity of liquor for a celebration.

FRENCH RUSH BIG GUNS TO AID OF ENGLISH FORCES

While the British in Flanders are undergoing terrific bombardment by the heavy German artillery, the French are rushing heavy field pieces to their aid. This picture shows the type of field piece that is now being used by the British on the Flanders battlefield. Note the camouflage on the gun and also the bits of foliage on the front of the motorcycle.

ONE IN FOUR WISCONSIN VOTERS DECLARED TO BE UN-AMERICAN

Analysis of Recent Senatorial Result Reveals Growth of Germanism—Socialists Left Free to Carry on Their Work

Madison, Wis., April 24.—A study of the table of returns from the recent senatorial election leaves no escape from the conclusion that out of every four men in Wisconsin, at least one may be looked upon as un-American in his political or radical ideals.

Business Career of Peter Flint

A Story of Salesmanship by Harold Whitehead

TO MY surprise I had this morning a note from Philip Rogers which said: "Peter—I think you served me a very unkind, dishonest trick, especially after I told you I would help you if you needed it."

"I happen to know a little about the workings of a man's mind," I once got tangled up myself, and it took me four years to work out of their clutches.

"There are really reliable places from which to borrow. The best plan is to borrow at all unless you can do it through a bank at regular rates of interest, and then only when you need it to help you make money."

register to see how much money had been taken in. Mike immediately got busy cleaning out the nail bin.

"What shall I get them out with, Mike?" He didn't answer. She did. "What shall you get them out with? Try your teeth or your toes. Don't be stupid. What are your hands for?"

"I gingerly began to pick some nails out with my hands. She watched me for a minute, then snapped: "They won't bite. Grab a handful. If you do get some scratches, it will do you good and will help to make a man of you."

"I must not put myself on record as recommending any particular business opportunity. The best are usually most profitable. Look into those which advertise the most, and when you call on them, see how much they promise you. If they have a viable system of guarantee, such as to make you successful or that you will complete your work in six months and such like, beware of them."

"I am going to hold this against you until you've paid me back every cent you owe. Then—only then—will I believe you are a friend of mine."

"I wrote Peter asserting him that I see how much they promise you. If they have a viable system of guarantee, such as to make you successful or that you will complete your work in six months and such like, beware of them."

"I was just going to do something mean," said Mike, and off he started to the other end of the store.

No business college can do more than put knowledge at your disposal. How much of it you digest and use depends upon yourself. The business college which is conservative in its statements and which can point to a long list of successful graduates is a fairly safe college to attend.

The Sweet Music of the Harp & Violin

MANUEL VITTELLO, owner, has not seen heard the sweet music of the Harp, Violin and Cello as played by the Neapolitan Trio. We have complete stock of these wonderful records and cordially invite you to HEAR THEM HERE.

American Colors versus German Colors

At the Textile Exhibition

If you are interested in knowing what progress has been made during the past year in the manufacture of American dyes, we invite you to visit the Sixth National Textile Exhibition which is to be held at the Grand Central Palace, New York, from April 29 to May 11.

This Company has engaged a large corner space on the Fourth Floor and the feature of our exhibit will be a display of dyes of some fifty "NATIONAL COLORS," alongside of which will be shown dyes of the same class of colors of German manufacture.

These dyes have been subjected to the same tests of scouring and fulling and exposure to light and weather for the purpose of illustrating more fully than has heretofore been attempted the exact status of American dyes as compared with similar dyes of foreign manufacture. The exhibit will be of unusual interest to members of the textile trade, to manufacturers of Men's and Women's Wear, and to the general public.

We believe it will demonstrate that the promises of this Company to place on the American market, within a reasonable time, an adequate and comprehensive line of satisfactory colors, is being fulfilled. The exhibit will also be recognized as part of our new war industry and will display the very interesting "bases" or "intermediates" used both in the production of munitions and colors.

Our trade-mark, "NATIONAL COLORS," is the hall-mark of the new American Color Industry.

FEDERAL DOUBLE CABLE BASE TIRES

—with Exclusive Improvements

FEDERAL TIRES are the only tires with the Double-Cable-Base that keeps them permanently correct on the rim.

The Double-Cable-Base prevents the toe of the bead from ever pinching the inner tube; prevents rim cutting and insures the tire can never blow off the rim.

And the flexible Federal bead avoids broken sidewalls near the rim.
