

MR. JOHN M'GRAW IS HANDY WITH DEPTH BOMBS

JOHNNY TILLMAN OFF FOR DENVER

Gets Early Start for Title Bout With Ted Lewis on May 13

BORRELL AT CAMBRIA

By JAMES S. CAROLAN

WELL, if he doesn't win the championship, I'll take all the blame, or I couldn't get away," said Hermin Taylor, the key manager, and promoter, as he saw the train...

As Murray carefully and fondly kissed Johnny Tillman aboard the big flyer he called him on the back and, not-yet-unwinded, "Johnny, I'm with you, though I'll be many miles away. You've got the goods and I know you will show the kind of stuff when you get to the top. Go get 'em!"

Johnny Tillman, the stellar welterweight from Minneapolis, who has been making his home in this city for the better part of two years, accompanied by George Engel, Benny Leonard's trainer, yesterday started the long trip to Denver, Colo., where he May 13 has beaten Ted (Kid) Lewis for the world's championship of the world. The distance is twenty miles.

Tillman Prepared

Tillman has fought all the top-notchers, and when he out-fought and outboxed Johnny Griffiths, of Akron, in the District of Columbia, he showed that he had the goods to go any distance with the best. As the weight is to be at the welterweight limit of 112 pounds, Tillman expects to be at the best. Lewis shouldn't have any trouble making the poundage.

If Johnny was in any way superstitious he would have occasion to be somewhat uneasy. He was forced to walk through Trash 13 at Broad Street Station, he passed exactly thirty passengers before he reached his platform and when he entered the car it was discovered that thirteen other cash customers had preceded him.

Thirteen Always Lucky

However, Johnny refused to be discouraged. "You know, O'Brien always has been lucky for President Wilson and if he's never right for the President I don't see any reason why it shouldn't bring results to me," said Johnny. "I know that the fight is to be held on May 13, but if it's somewhere else, why always has been with the best. I'll look for my luck to desert me when I reach Denver. I'm strong for it."
