

"MACK KENSEN IN WEST," HINT TO CHEER ENEMY

German Press Gives Out "Encouraging News" of 60 Fresh Divisions

LONDON SCOUTS REPORT Hindenburg and Crown Prince Dislike "Wizard of Artillery"

London, May 4.—The German press is attempting to hearten the German people with encouraging statements concerning the imminent appearance of Field Marshal von Mackensen on the western front...

Mackensen's reserve depots have already been moved six weeks, filling up the gaps of the attacking units and enormous numbers of sturdy men are required for organization purposes...

But except for the operation in the few months of the war the ordnance genius was not known to the western front, although Von Falkenhayn, then chief of staff, urged that he be called upon for the Verdun operations...

Called "Artillery Wizard" The Crown Prince's bitter animosity toward Von Mackensen prevented the "artillery wizard's" services from being requested...

However, it is in always offensive operations in which the aged field marshal has excelled—not in defensive. It is believed that Mackensen personally organized the Austro-German offensive against Italy last fall, but was prevented from conducting the operation by the enmity of Hindenburg and the Crown Prince.

SEVEN IN ROLL OF HONOR

Here are the profiles of the seven photographers of the Beck Engraving Company who have entered the service. The four men at the top volunteered their services and the others became soldiers via the draft.

GUNNERS' SHELL WRECKS POOR PHILA. DOUGHBOYS

Camp Meade Soldier Pens Sorrowful Account of 315th Infantry's Defeat—at Baseball—but Watch for Comeback

Camp Meade, Md., May 4.—I shall follow the example set by the dear war correspondents and tell the truth concerning the humiliation of the 315th Infantry (Philadelphia's own).

The big gun batteries looked us in the face of 7 to 8. A white-washed and what makes the defeat all the more painful is the fact that Louis B. Holland, formerly with the Athletics, was on the team.

OFFICERS PROMOTED AT CAMP McCLELLAN New Commanders for Various Organizations Announced. Efficiency Board Named

Camp McClellan, Annapolis, Md., May 4.—The men who were recently selected from this division to attend the engineer officers' training camp at Camp Lee, Va., left here on Wednesday.

What everybody should know about Liberty Bonds

Millions of Americans have just made their first acquaintance with Bonds! Millions more are about to shake hands the first time with a Bond!

What Is a Liberty Bond of the 3rd Liberty Loan? It is an engraved promise by the United States Government to repay you on September 15, 1928, the amount of money you now loan it.

How Can I Buy a Liberty Bond? Go to any bank, trust company, postoffice, department store or to any Liberty Loan Booth or to any Liberty Loan Solicitor and sign a subscription blank.

What Size Bonds Can I Get? You can get bonds of \$50, \$100 or \$500, \$1000 or \$5000 or more. How Do I Pay for My Bonds? You can pay in full at once. Or you can pay \$1 a week for each \$50.00 bond you buy.

How Do I Get This Interest? Attached to the bond are coupons. Each March 15 and September 15 cut off the coupon for that date. Take it to any bank or postoffice and they will give you the amount named on it.

Will I Surely Get My Money Back? Just as sure as the sun rises. What Security Have I? Your security is every bit of taxable property or business or crops in the entire United States, estimated at 210 billion dollars or 70 times as much as this Third Liberty Loan.

Why Does He Issue Bonds? The Government could tax its citizens enough in one year to raise this money. That would pinch us all considerably. Therefore, it is thought wiser to borrow the money and spread the taxing out over a number of years and make it easier all around.

Can I Sell My Bonds? Yes, at any time. Any bank or broker will sell them for you, or you can borrow money on them at any bank. If I Don't Buy Liberty Bonds What May Happen? You may be taxed double or treble as much to pay the Kaiser.

If Germany Wins the War What Will Americans Have to Pay? A huge German indemnity that will make this \$3,000,000,000 Liberty Loan look like 30c. How Would the United States Raise the Money? By taxation and very heavy taxes at that.

Would I Ever Get Any of That Money Back? Not a cent! And the United States would never get a dollar of it back. It would be like money lost for all time, like a purse stolen from your pocket. It would be money given to the Kaiser to feed, arm and warm his soldiers. Take your choice. Lend your money to Uncle Sam, who will repay it with interest, or be compelled to give it to Germany.
