Enemy's Delay Favors Allies

Continued from Page Gre

should give time for this is good enough evidence that they could take no further risks in the first gambler's throw, and had to cut their losses for a time, or at least be satisfied with smaller gains than they had hoped for. Yesterday the German guns did some volent counter-battery work with rese olent counter-battery work with gas shells and others, trying to silence the Allied guns which are still harassing the German side of things in a very deadly way. All this is the routine of war between buttles.

Idyllic Scenes in Rear

What is better to see is behind the ines. It is enchanting now and puts these glinting woods of France, where every leaf is a jewel these gardens of old chateaux, where the grass is sprinkled with living gold; these French villages, where white washed walls and tiled roofs are warm in the sun and painted in nicture hook. n the sun and painted in picture bool plors remind one of the old song which had not war butl ove for their theme. Now they are all interwoven theme. Now they are all interwoven with pictures of this war, but pleasant pictures.
