HERE ARE THE MEN

Who are responsible for the money that you put into the War Chest. Not a "scenic" Board, but an active Board. Each member has promised to give time and attention to scrutinize every war relief that comes to the War Chest for money—who will pay it out only when convinced that the object is worthy, that it is a direct war relief and that the amount asked for is fair. It will place all war relief on a systematic, business-like basis.
