

**SAYS LAW IMPERATIVE FOR PEOPLE TO MODIFY LIVING**

**STRATEGY TO WIN WAR**

**MONEY WILL HAVE TO BE INVESTED IN GOVERNMENT BONDS**

London, May 29.—Dr. G. W. Berntheisel, of Columbia, surgeon physician and editor, died yesterday afternoon in the Columbia Hospital. Death was the result of a stroke of apoplexy. He was seventy-four years old.

Dr. Berntheisel was one of the oldest practitioners in Lancaster County. He graduated from Jefferson Medical College in the class of 1888 and began the practice of his profession at Silver Spring. A few years later he removed to Columbia and continued in active practice until a few days before his death.

Dr. Berntheisel was a member of the State Medical Society, ex-president of the Lancaster County Medical Society and president of the Columbia College of Physicians and Surgeons. He was the first of the medical staff of the Columbia Hospital. He was a veteran of the Civil War and past commander of the Great War Post No. 118, A. O. U. S. of Columbia.

Dr. Berntheisel was a member of numerous fraternal organizations of Columbia and also of Columbia Fire Company, No. 1, and an ex-president of the State Firemen's Association.

**TRADE COMMISSION TO HAVE BRANCHES**

**Increase of Investigation Requires Three Regional Establishments**

Washington, May 29.—The enormous increase of industrial investigation required by the Federal Trade Commission has caused the establishment of three branch offices of the commission, located at New York, Chicago and San Francisco, it was announced today. The following members of the staff of the commission are to be in charge of the offices: A. P. Thom, Jr., at New York; Walter B. Woodin, at Chicago; and D. N. Dougherty, at San Francisco.

Quarters for the branch office will be furnished by the Secretary of the Treasury in the Federal buildings of the cities selected.

The activities of the commission have grown so rapidly since it has been called to deal with questions touching on war industries that much of its business now centers in New York, Chicago and the Pacific coast, and the establishment of the branches is expected to avoid considerable delay and expense of travel to these points. The commission has been a leading force in determining stocks of war and contributing materials on hand and the production capacity for such materials. It now has pending many cases in which various charges of unfair competition are named, and investigations are in process which affect both the small producer and the so-called trade combinations of cumulative wealth and productive power.

The New York branch office is to be in the custom house, the San Francisco office is to be in the appraisers' store building and the Chicago office, for the present in the Loton Building, 11 East Jackson Boulevard.

**INDUSTRY ZONES MARKED OUT IN U. S.**

**Divided Into 20 Districts for Production of Supplies**

Washington, May 29.—The War Industries Board has been laid out and censured for each, it was officially announced today.

Chief of the resources and production section, will ascertain facilities for work in each zone through agents at the following cities: Philadelphia, Birmingham, St. Louis, Kansas City, Mo.; St. Paul, Minn., and San Francisco.

It is an independent economic zone as possible in production of supplies.

Industrial zone center an extension of the War Industries Board. Department and the Navy Department will be placed. Contracts will be placed with these representatives. They will be in constant touch with the Government and other technical agencies and other technicians.

These center will compile data on the manufacturing equipment, plant facilities, raw materials, and fuel.

These will bring manufacturers and scientists together to make possible the production of products within the zone-hauling of partly finished goods eliminated.

**EXPLAINS U-BOAT RUMOR**

**Derelict Was Coastal Schooner, Wrecked in Crash**

An Atlantic Port, May 29.—One of the seven derelicts off the Virginia coast which gave rise to rumors that German submarines or raiders had been operating along the coast recently, was the wreck of a coastal schooner, which crashed into another off Winterquarter shoals, Delaware, last week. This was learned at the office of the commandant of this naval district, where it was announced that the wreck had been destroyed by coast guard cutters.

The fate of the crew of the schooner and the extent of the damage to the other was not made known.

**U-Boat May Be Whale**

Mobile, Ala., May 29.—Steamship officers arriving here tell of sighting a big whale in the Gulf of Mexico recently, and said they were convinced the recent reports of enemy submarines in the gulf had been caused by other vessels sighting the whale.

**WOMEN'S DEATH BATTLE**

**U. S. Secretaries**

Washington, May 29.—Russia's cry from Allied and American women voiced today by Mrs. Botchinsky, Secretary of the National Federation of Women's Clubs, Secretary of the National War Relief Administration and Secretary of the American League for Women's Suffrage, was for military and industrial production.

It is now believed available for the serious consideration. Obstacles in the way of such aid, especially the military and industrial production, might fall into German hands.

Mrs. Botchinsky, however, listened to the women's plea. She said the War Industries Board is to be consolidated. This is the only way the Allied nations can obtain the necessary help.

**PERSHING CITES DEEDS OF AMERICAN BRAVERY**

**Wounded Sergeant and Aviators Succeed Against Greater Enemy Forces**

Washington, May 29.—How an American sergeant, single-handed and wounded three times, drove an enemy patrol of four men from his trench, and further details of the valor of Lieutenant Richenbacher and Campbell in their air combats are described by General Pershing in an extension of his communique of yesterday, made public by the War Department this afternoon.

The addition to the communique follows:

Section B. Yesterday morning three of our planes encountered four hostile planes flying at about 3000 meters in the region of Montsec. In the fight which ensued Lieutenant Campbell succeeded in attacking two of the German machines. Of these, one lost both wings and fell. This was referred to in yesterday's communique. In the same encounter one of our aviators was wounded, but succeeded in making a normal landing within our lines.

Yesterday morning in a sector recently taken over by our troops, an American sergeant encountered a German patrol of four men who had entered one of our trenches during the night. In the fight which ensued one sergeant, although he had received three wounds, succeeded in driving the hostile patrol, which left grenades and wire cutters behind.

In Lorraine, on the morning of May 26, a hostile patrol attempted to penetrate our lines. It was driven off with a loss to the enemy of five killed. Of these one was brought into our lines. One of our men was wounded.

This morning Lieutenant Richenbacher and Lieutenant Campbell attacked a group of six enemy planes and brought one down out of control.

**W. S. S. TOTALS GROW**

**Sales to Date Reach the Amount of \$250,000,000**

Washington, May 29.—The total sales of the war savings and the thrift stamps to date are approximately \$250,000,000. The monthly sales have been in excess of \$50,000,000.

**Appointed City Nurse**

Director Krusen, of the Department of Health and Charities, today appointed Hannah Mary Kreiber, 6100 Arkive street, to the position of city nurse. The place carries a salary of \$90 a year.

**BILL TO END ELECTION BRIBERY IN CONGRESS**

**Measure Aimed at System in Rhode Island and Elsewhere Likely to Pass**

By a Staff Correspondent  
Washington, May 29.—Congress is almost certain to pass at this session, the Gerry bill, making bribery in the election of Senators and Congressmen a Federal criminal offense.

This will make it possible to prosecute them, many will hesitate, who now violate the election laws with a feeling of confidence that they can break the laws with impunity and escape punishment in the State courts. With prosecution by the Federal government facing them, they will hesitate, who otherwise would flagrantly break the State laws.

Although Senator Peter G. Gerry, of Rhode Island, introduced the measure to meet peculiar conditions that have existed in his own State for many years, it will have a salutary effect in purifying conditions in connection with election of Senators and Congressmen in all the other States.

In Rhode Island, a pampered rotten borough system exists regarding elections, in much the same way it existed in England prior to the passage of the reform bill. Senator Gerry declared, in discussing the bill in the Senate.

"In the election of 1914, when I was running for Congress in Rhode Island," he said, "I employed some detectives on election day, and as a result of their investigations and some other information brought to the attention of the district attorney, fifty-six indictments were had—fifty-one for violations of Section 27, and five for violation of Section 19."

**INDIANA REPUBLICAN SLOGAN, WIN THE WAR**

**National Chairman Hays Frames Platform of State Convention**

Indianapolis, Ind., May 29.—Every action of the Republican party in State and nation is to be determined solely by how it will aid most in winning the war.

This is the outstanding declaration of the Republican statement of policy by National Republican Chairman Will Hays for adoption this afternoon by the Indiana State Republican convention.

To this end the party stands for this program:

First, To use every possible means to win the war.

Second, For peace with victory and never by compromise.

Third, State preparation now for peace after the war.

Charging that the party in power is

guilty of practicing petty partisan politics to the serious detriment of the country's cause, the demand is made that partisan politics be taken out and be kept out of the management of the war.

Carping criticism of the Administration is strongly denounced, but constructive criticism, sympathetically offered, is defended.

Regarded as one of the most important State conventions ever held, interest centered entirely in Chairman Hays's "Win the War" platform. Only State officers, ranking from Secretary of State down, are being nominated.

The platform drawn by Chairman Hays after conferences with Republican leaders all over the country was adopted without change by the resolutions committee at a session lasting until early this morning.

Senator Harry S. New charged that the Administration is playing politics, and declared that a political propaganda is being carried on behind the slogan, "Stand by the President."

"Mr. Crel, with his bunch of socialist, muck-raking misfits, is employing it in every form at his limited command," he said.

President Wilson, the Indiana Senator characterized as "the most astute leader the Democratic party has ever had, the
