We Set Tire Standards

Why is it that United States Tires are setting new records for mileage and serviceability? Why is it that the sales of these tires are constantly mounting by leaps and bounds? The answer is found in the factories where United States Tires are made.

Standards of construction for these tires are higher than ever before known in the tire industry. Makers of tire fabrics tell us that the standards we have given them for United States Tire fabrics are higher than any previously known. They required new facilities to meet our exacting specifications.

United States Tires are Good Tires. These standards work out on your car in the practical economy demanded by war-times. United States Tires will raise any car to higher efficiency. There is a type to suit every condition of service. The nearest United States Sales and Service Depot dealer will cheerfully aid in selecting right tires for your requirements.
