te U-boats off the New Jersey coast. The anthracite committee of the United States fuel administration has made provision to ship this extra water tonnage by rail.

tonnage by rail. The committee met today in the La-fayette Building. Fifth and Chestnut streets, with producers and distributors of anthracite to rearrange and redis-tribute tonnage. The committee announced that on ac-count of the water situation at this time shipments east of Boston may be temporarily interrupted.

temporarily interrupted. "It is the desire of the committee," the statement says, "while this condi-tion lasts that as large a tonnage as possible be shipped to points in New England west of and including Boston, and also that very liberal shipments be made into the various New England States all rall through the several New England gateways. Regional Director Smith advises that the railroads are prepared to handle largely increased tonnage, and this must be taken advan-tage of by all shippers and producers."

r dent. Bergen left his home at 134 Main street, West Hadaonfield, about 9 o'clock. He stopped at the bank to de-posit the Liberty Bonds and then made a r stop at a drug store. It was shortly before 10 o'clock when he reached the rallroad crossing.
