gging First Sacker of Phils Boosts Swatting Mark Twenty Points During Last Week; Also Playing Great Ball in the Field

By ROBERT W. MAXWELL

Sports Editor Evening Public Ledger

ED LUDERUS, captain and hard-working first baseman for the Phils, was honored today with a flock of legal tender because of his lusty which hit the "Bull" sign one day last month. Ludy bombarded the from everything but long-range siege guns. Captain Fred is the first made a fresh bid for fame, for the official batting averages published Ill over the coveted 300 mark. His standing is 303 and he leads the other ters by a couple of miles.

Luderus has been improving steadily all season, but his work does no to be appreciated by some of the fans. He plays a swell game around t base, but because he is not brilliant and does not pull funny stuff some re he is as active as a truck horse. But Ludy is in the game every ate and his lusty wallops have ended many conflicts in favor of the se-town boys. In the last week he has gained twenty points in his batwhich is SOME improvement for seven days.

Last winter it was whispered around that Luderus was through and well-known tinware was about to be attached. The veteran did not ry, however, and when he reported to Pat Moran down at St. Petersburg surprised every one with his brilliant play. He soon was one of the warks of the club, and right now there are few first-sackers in the Na-

Babe Ruth and Dutch Leonard Are Stars in the American ABE RUTH and Dutch Leonard, Red Sox pitchers, are the big noise in the junior circuit this week. Ruth walloped four home runs in four

ive games, equaling the record set by Bill Bradley when he was Cleveland in 1901, and Leonard held Detroit hitless and runless last y. This is the first time the Tigers have been humiliated in that r since April 30, 1916. Walter Johnson and Carl Mays have won nine each and are going strong this season. Walter got off to a bad start, has recovered. Liberal use of the "bean ball" is responsible to a large ree for Mays's success.

Both are well over the .300 mark and are near the top. They virare keeping the Macks in the race, as the next man on the list is Gardner, 100 points below. When Burns goes to the army Connie be in a bad fix.

White Sox Batters Now Are Clouting the Ball

TE work of the White Sox in the last week has attracted considerable attention in the American League. From a gang of also-rans the champs we developed into real pennant contenders and are winning games withat effort. The secret of their success is the terrific clouting of four of the Eddie Collins now is hitting .337, having gained sixty-three points in sast week. Eddie Murphy gained sixty-one, Happy Felsch twenty-six ek Weaver eighteen. The improved attack has made up for the Joe Jackson, who became a fightless soldier in a shipyard, and Mcwho was injured last week.

The Sox are coming through without the services of Kid Gleason. is quite a surprise. The Kid, who is one of the most valuable men sall, is holding out for more salary and the fans in Chicago are for his early return. Gleason knows baseball; knows how to handle and keep the players in a good humor. Despite reports to the y. Rowland needs him and needs him badly.
