

CHICK EVANS'S TALK ON GOLF SITUATION—EVENTS IN PRIZE RING AND SWIMMING POOLS

JACK HENDRICKS GOOD BASEBALL MANAGER, AND HE IS SURE TO PROVE IT

New Leader of St. Louis Cardinals Has Had Poor Luck With Material So Far—Hornsby Not Ready for Strenuous Duty

By ROBERT W. MAXWELL.

THE most recent manager in the National League will be with us tomorrow to assist in the Bat and Ball Fund benefit at the Phillies' Park.

Hendricks succeeded Miller Huggins as manager of the St. Louis club and has been bumping the bumps all season. The Cardinals are limping along in seventh place, but Manager Jack is in no way to blame for that.

The silver-haired, smiling Hendricks has been up against it this season because too much was expected of him. It will be remembered that he was purchased from Indianapolis last winter, where he had quite a little success.

Says Bill Killefer Is Greatest Catcher Playing Today

AS FOR Killefer, resumed Fred, "that boy is the best receiver I ever have seen. He is a brainy player, is on his toes every minute and continually outguesses the hitter.

"Killefer stands out as an exception in the national game. By that I mean he never spares himself, and works as hard as any man on the field. You know, a veteran catcher usually watches himself.

"I understand Alexander is in New York. If such is the case, I hope to be able to use him in one of the games against the Giants.

YESTERDAY'S game was different from the others of the series because the Phils managed to squeeze a perfectly good tally across the pan.

That play on Lud was a wonder. He was on third and Gavy Cravath on first. Those two speed demons thought it would be a good stunt to bluff a double steal.

Miles Main was inserted, and he twirled well for two stanzas until relieved by a pinch hitter. He only allowed two runs, which is pretty good for Miles.

Pat Moran pulled a shrewd piece of work in the third inning when he took a chance on Paskert and got away with it.

Moran Pulls Shrewd One on Paskert

PAT MORAN pulled a shrewd piece of work in the third inning when he took a chance on Paskert and got away with it.

Pat took a chance because he knew Paskert's disposition. He was aware of the veteran's weakness and the chances are that he will try it again under the same conditions.

Fred Mitchell Tells the Secret of the Cub's Success

SOMEbody must be plicked for the wonderful showing of the Chicago Cubs. Experts have blamed on Fred Mitchell, the hard-working manager, but Fred himself has different ideas on the subject.

"They say my ball club is a gang of lucky stuff, but any one who has seen the players in action knows that that stuff is all bunk."

"I have been asked several times about the wonderful work of the club and who is responsible for it, and have about come to the conclusion that Bill Killefer, Dode Paskert and young Hollocher are the ones.

TROUBLE who have been panning baseball and predicting a gloomy future for the sport, can find an answer by perusing the following:

Last Saturday more than 100,000 fans saw the major league games. The double-header in New York drew 25,000 and 18,000 attended a similar bill in Philadelphia.

CHICK EVANS GIVES SOME POINTERS ABOUT PLAYING THE DELICATE CHIP SHOT

Plays It as Complete Wrist Stroke, With Stiff Wrist and Arm Follow Through, Keeping Eye on Ball

By CHARLES (CHICK) EVANS, JR.

I WAS hitting up some chip shots the other night because I have been so poor on these shots lately, and they need practice just as much as any other shot in your bag.

When this shot is needed it is needed badly, and I have always believed that I lost an important tournament by falling down on it at a crucial time.

There is almost always a feeling of uncertainty in regard to these delicate little shots, and one is only too likely to hover over them in the hesitating manner of the uncertain putter.

There's a class of critics who will not give a man credit even after being shown, and the Sox manager seems to have some critics of this kind.

ROWLAND'S REAL TEST THIS YEAR

Machine Which Won the World's Championship Shot to Pieces

WAS SLOW IN STARTING

One of the atrocities committed in baseball this year is failure to give Clarence Rowland, manager, any of the credit for winning the world's championship.

This estimate of the Sox may be set down as right and half wrong. Everybody will admit the world's champions are slow starting this season.

MISS FANNIE DURACK TO START IN TITULAR EVENT AT LAFAYETTE

Australia's Premier Mermaid Will Compete With Leading Women Swimmers in National 100 Yards Championship Race in August

By PAUL PREP.

PHILADELPHIA will have an opportunity of seeing Miss Fannie Durack, Australia's swimmer extraordinary, and what-not, in action this summer.

Miss Durack will compete against the best mermaids in the country in this national championship race, and local fans and spectators will await the result with great interest.

At 60 and 100 yards the Sydney girl has done 29 seconds and 1 minute 6 seconds, respectively, while we find Miss Burns credited with the American open water records of 29 4-5 seconds for 60 yards, and 1 minute 11 1-5 seconds for 100 yards.

The international table lists the Australian's 220-yard record at 2 minutes 53 seconds, and again the same home girls appear as the A. U. holders.

The Australian mermaid is at present in San Francisco. Plans have been outlined for a tour of the Pacific coast, which will last until the end of July.

Supreme at Quarter Mile

At 400 yards Miss Durack assumes unquestionable leadership. Her remarkable performance last winter in 6 minutes 3 3-5 seconds is almost half a minute ahead of Miss Galloway's open water national standard.

Gained Fame in Olympic Games

Miss Durack hails from Sydney, New South Wales, and has been prominent in aquatics for more than ten years.

Many wild statements have been made regarding the chances of the home girl against their great rival, and it may be admitted that accurate comparisons are hard to draw for conditions affect the swimmer's performance to a very large extent, and such important factors as rough water, tides, currents and the influence of the wind.

Besides being a world's champion in the water, Miss Durack is one of the best all-around women athletes in Australia. She plays an excellent game of tennis, and when at school, was captain of the basketball team.

SCRAPS ABOUT SCRAPPERS

FRED FULTON, the Minnesota plunger, has been going to the advantage in his scheduled six-round contest with Jack Dempsey, the coast sensation, to take place at Danbury, Conn., on July 4.

The White Sox may be the strongest team in the American League in mechanical ability, but this is subject for spirited discussion.

The Case of Mr. Rowland

It is the opinion expressed of Clarence Rowland—that he is lacking in managerial tact, in brains, in ability to make his men play at their best and digging up talent—requisites of a successful manager, a correct opinion who will not give a man credit even after being shown.

At Shubert, of New Bedford, and Gusie Lewis, of New Bedford, ready for their scheduled six-round contest, to be held in the second round at the Cambria A. C., Frankford avenue and Somerset street, on Friday night.

Willie Edwards, manager of Phil Bloom, Sox champion, Joe Wright, has been appointed matchmaker of the Dover A. C., of New Jersey, and the great bout will be held on July 10.

Benny Leonard to Meet Jack Britton

What may be considered one of the greatest matches arranged in the last decade was clinched last night by Bobby Gunnis and Herman (Muggsy) Taylor, representing Philadelphia, and Billy Gibson and Danny Morgan, from New York.
