MILLION AGAINST FOE

Secretary Tells West Point Graduates Mark Will Be Passed Shortly

West Point, N. Y., June 12.—Secretary of War Baker, in addressing 137 graduates of the United States Military Academy, said that more than 1,000,000 American fighting men will be in France soon.

Complimenting his recent announcement in Washington that United States troops "exceeding 500,000 in number" are disembarked on French soil, the Secretary said, "It is not unfair to speculate that we shortly will pass the 1,000,000 mark."

General Peyton C. March, chief of staff, who made commencement day the occasion of his first official visit to the academy, said that neither the menace of raiding German submarines off the Atlantic coast nor the territorial gains of the enemy on the western front would affect America's policy of sending men to France as fast as ships can carry them.

Convention of Pennsylvania's Old Fighters Closes With Elections and Campfire

Danville, Pa., June 12.—The fifty-second annual convention of the Pennsylvania department, Grand Army of the Republic and allied bodies, closed yesterday, with selection of Lancaster as the place for the encampment next year.

The "big" day of the convention opened with a parade by the veterans and closed with a campfire in the Danville Opera House. The parade, in which 400 veterans marched four abreast, was one of the most successful ever seen in Danville. Assistant Adjutant General Samuel P. Towne, of Philadelphia, was marshal, and the column was led by William M. Heddens, commander of Goodrich Post No. 22, of Danville.

Officers elected were: Department commander, H. H. H. Alcorn, senior vice commander, William M. Heddens, Danville; junior vice commander, Giles Ross, Wilkes-Barre; medical director, Dr. J. E. Silliman, Erie; department chaplain, the Rev. S. F. Taylor, Huntingdon.

The Women's Relief Corps elected the following officers: President, Aida South Parker, Pittsburgh; senior vice president, Ella Williams, Philadelphia; junior vice president, Mary S. Kennedy, Pittsburgh; chaplain, Elizabeth Crothers, Pittsburgh; treasurer, Emma Schalk, Norristown.

At the camp fire in the Opera House last night a capacity audience heard addresses by W. A. Patterson, past national commander, G. A. R. of Pittsburgh; Noah Dietrich, past department commander, Easton; Congressman J. D. Hicks, Altoona; John G. Harman, President Judge of this district; Mrs. Sara Johnson, president of the Ladies of the G. A. R.; James Sargent, Danville; Mrs. Katharine Flood, past national president Daughters of Veterans, Newton, Mass.; and Dr. Millie J. Chapman, of the Women's Relief Corps.

REDUCE COAL SUPPLY OF MOTORCAR PLANTS

Garfield Cuts Allotment to 25 Per Cent of 1918 Consumption

Washington, June 12.—Fuel Administrator Garfield has announced officially that he will limit the 1918-1919 coal allotment for the manufacture of passenger automobiles to 25 per cent of the fuel consumed for this purpose for the year ending July 2, 1918.

The announcement, which confirmed the position taken by Doctor Garfield Monday that the alarming coal situation would force him to take steps toward a curtailment of nonwar or less essential industries, was not unexpected for at that time he indicated that a 75 per cent cut might be looked for in the automobile coal quota if the situation was not bettered.

The general question of the curtailment of the automobile industry, the announcement said, is now in the hands of the steel section of the War Industries Board, but the "fuel administrator feels responsible to limit the amount of fuel used in the manufacture of pleasure automobiles to what ever extent the national situation demands."

The automobile men have until August 1 to reach an agreement with the industries based on the mineral allotment. Should the steel cut decided upon prove greater than the 75 per cent announced by Doctor Garfield, the amount of the curtailment decreed by the war industries board will prevail in the matter of coal as well—a policy recently decided upon by the fuel, fuel and railroad administrations and the war industries board.
