STORES WILL CUT LIGHT AND LIFTS TO SAVE ON COAL

Agreement With Fuel Administrator to Reduce Consumption a Fifth

BUILDINGS TO CONSERVE Plans for Similar Action Considered at Conference—All Employees Will Help

The large stores will reduce elevator service and the number of electric lights to effect a 20 per cent reduction in coal consumption.

Representatives of the stores conferred today at the office of William Potter, fuel administrator for Pennsylvania.

Superintendents of office buildings met this afternoon and plans to reduce the elevator service were outlined.

Plans to conserve fuel in industrial plants throughout the State have been approved and provide for a committee of competent workers in all establishments to supervise conservation in the engine and boiler rooms and throughout the working parts of the buildings.

These committees, whose service is to be voluntary, and performed during working hours, will report to boiler and engine committees in each county, which will confer with the county administrators.

In Philadelphia and other cities of more than 15,000 population power and light committees will supervise the limiting of the production of power.

These committees will be supervised by the Fuel Conservation Board, of which Dr. H. S. Drinker, Lehigh University, is president.

SENATE FRAMERS OF 'DRY' MEASURE DECIDE ON TERMS

Compromise Bill Fixes Earlier Date for Making Prohibition Moves Effective

By the Associated Press Washington, July 8.—Legislation to prohibit the sale of distilled liquors, wine and beer after January 1, 1919, and to prohibit the manufacture of wine and beer after November 1, 1919, was agreed upon today by the Senate agricultural committee.

The legislation is proposed as a substitute for the pending Nonne amendment, which would prohibit the manufacture of distilled liquor and wine on June 30, 1919, and prohibit the manufacture of beer three months after the bill becomes a law.

Provision for the exportation of liquor already produced was considered by the committee and probably will be reported in some form before the Federal acts on the amendment.

The changes were discussed for a number of days, so that when the committee met today, action was virtually by unanimous consent without a record vote.

By fixing a definite date after which the sale would be prohibited of all intoxicating liquors, members of the committee believe that any charge of discrimination will be avoided.

WIRE CONTROL ACTION URGED BY SENATORS

Proposed Resolution Would Preclude Committee Consideration of Subject

NECESSITY OF HEARINGS Penrose Inquires About Telephone Companies on Verge of Bankruptcy

By the United Press Washington, July 8.—Demands for immediate action by the Senate on the resolution empowering the President to take over the telegraph and telephone lines were voiced today when the Senate met.

Senator Smith, of Georgia, introduced a resolution discharging the Interstate Commerce Committee from consideration of the resolution.

Senator Smith, of South Carolina, chairman of the Interstate Commerce Committee, may forestall Smith, of Georgia, however, by having his committee report the resolution today without recommendation.

LORD MILNER LAUDS YANKEES

Their Work a Revelation, He Declares, After Review

By the United Press With the Americans on the Somme, July 8.—"It has been a revelation," Lord Milner, British War Minister, declared after reviewing a regiment of American troops from the division which participated in the capture of Hamel.

They were fine, and he told them they fight better than they march. Australian officers are tremendously pleased at the showing made by the men, and say they are "the kind of soldiers, which is the highest compliment they can pay."

BIG COUNTER-REVOLT IN MOSCOW; FURIOUS FIGHT RAGES IN STREETS; KAISER BREAKS WITH BOLSHEVIKI

TRADE AND POLICING ARMY TO AID RUSSIA

Troops Purely for Protective Purpose—No Military Intervention—Economic Relief Washington's Sole Plan

By the United Press Washington, July 8.—The "police" forces must be safely protective, it is stated. Mobilization of this police force is the sole problem holding up the Russian plan now.

Since a large appropriation may be necessary to finance the expedition, it is likely President Wilson will appear before Congress to outline his proposal and his needs.

"The Russian project" is one of the most unique and comprehensive ever staged in the history of the world. Financial experts, together with business, agriculture and trade authorities will go to Vladivostok and move slowly seaward.

The outgrowth of this movement, it is confidently believed, will be a spontaneous and enthusiastic rallying to the aid of the Russian people.
