

THE SINEWS OF WAR

CUNNINGHAM

American Workers—You Are the Armorers of America's Fighters

"WIN THE WAR" is the slogan of every red-blooded American. Every FACILITY—every OUNCE OF ENERGY—EVERY MEANS AT OUR COMMAND—must be used in support of our boys on the fighting front.

PRODUCTION is the big thing today. The result on the battle front—the very success of our fighters over there—depend almost wholly upon our ability to PRODUCE FOR THEM THE MEANS with which to WIN THE WAR.

YOU are the armorers of liberty, forging the weapons that will deliver the world from Prussian barbarism.

EVERY BLOW of your hammers is a thrust at the heart of the Kaiser! STRIKE!—AND STRIKE HARD—you soldiers of America's INVINCIBLE INDUSTRIAL ARMY.

THE ARMS of Uncle Sam must be supported by American LABOR, INDUSTRIES AND MONEY.

The man who STICKS TO HIS JOB these days—and who bends EVERY ENERGY TO COMPLETE THE TASK at hand in record time—who gives his employer the best that is in him—that man is SERVING HIS COUNTRY just as FAITHFULLY as tho he were FIGHTING IN THE TRENCHES.

STICK TO YOUR JOB! STICK TO PHILADELPHIA! Nowhere else are there BETTER OPPORTUNITIES for advancement, BETTER REWARD for faithful service, and nowhere else are LIVING AND WORKING CONDITIONS SO IDEAL.
