But they say enthuseastically when they have the chance.

That's the choicall right!

The chow's all right! The choics all right.

They all grow cuthusiastic o'er the choic.

Where Old Gory's proudly scacing.

They like becaes are behavisy.

So if food you would be saving.

Do it now?

Though the covard toes may not empered to the proposed member of the chart of directors. Other members are known to flight.

They don't wind their namy hardships; they're too trifling to report.

When the chow's all right. The chow's all.

SAMUEL ALCOTT DEAD

Small shippers of milk no longer ar required to pay the minimum freight charge of fifty cents, imposed on a sipments, no matter how small or ho short the haul.

'Umination of this provision, since the freight charges on milk were increase twenty-five per cent on June 22, belained by the food administration.

other shoveful until we have examined the coal."

He stooped, for almost at his feet lay a chunk of coal which he recognized as being of the same kind used for making the bombs. It was larger than the ordinary screenings used in the furnaces, but would never have attracted attention. For large lumps were frequently found. Picking up the piece that had excited his suspicions. Grant found one side was of black cardboard. Hastily be peeled it off, and held up be fore the astonished stokers, who had been watching.
