THE largest crowd of the season is expected to be in Shibe Park tonight when the all-star boxing program is staged. The demand for tickets has been heavy and with a clear sky above a real fight gathering is certain to be present. The card is the best of the year in a boxing way and will bring to-gether fistic talent that alreday has demonstrated its class. The show will start at \$:15, when two preliminary boys from the evaning of entrainment.

Mart at 8:15, when two preliminary boys open the evening of entertainment. Yesterday was not a stremuous day for the gladiators. Over in Riverside, N. J., Lew Tendler, brilliant southpaw light-weight, enjoyed himself to the limit at his palatial training quarters on the estate of Clarence Taubiel. The day was warm, so Lew did little work on the lawn, but put on the fit shing touches down in the coal basement, where a modern gymnasium has been installed. modern gymnasium has been installed. After working hours Lew and his train-ers took a spin up the Delaware in a fast motorboat.

### Quiet in the "Neck"

Down in the "Neck" Frankle Callahan and Soldier Bartfield carefully worked under Reddy Wigmore's gaze. Reddy wants his boys to make a real showing, for he insists that he has the best conditioning place in the city. Callahan and Bartfield each boxed three fast rounds, covered five miles of road work, did some

boxing, skipping the rope and pulling the weights. Harry Greb and Irish Patsy Cline worked out in New York. Greb boxed at the sailors' headquarters, while Cline used Billy Grupp's well-known gymna-sium. Jack Britton never boxed Ten-dier, but knows enough about Lew's style to assist Cline. As Irish Patsy already cier, but knows enough about Lew's style to assist Cline. As Irish Patsy already has boxed the southpaw he thinks he has a pretty good line on his opponent's fighting ability.
