man spy gasped. "There are no messages," she began

thought of Ratu Chibra. As much for the sake of the refreshing air as any-thing else, he drove to the boarding house which he had learned housed the

"There are no messages," she began haltingly.
"No? And I suppose no combination of acids to make writing invisible?"
"I refuse to be questioned."
"You are making things very hard for yourself, Baroness." said Mrs. Blank sweetly and while she, was speaking she had a laced both her hands on the shad let young Hindu student.
"He isn't in." said response to Grant's response to Grant "He isn't in." said the landlady in response to Grant's request to see Chi-bra, "and I am a little worried about him. He is frequently out late, but this afternoon when he went to his classes he told me that he would be back at 6 o'clock, because he was ex-pecting an important letter. The let-ter has come and he isn't here." Grant showed his badge and, accom-panied by the landlady, went to the room occupied by Chibra. The landlady gasped when she saw the interior. It was topsy turvy, as if every receptacle

"Where is the acid, asked alls, Diaki, "In my side pocket." The bottle came forth. A sweetish, sticky odor permeated the room as Mrs. Blank opened the bottle and saturated a handkerchief with the liquid. Then, as Grant held the struggling form of the woman spy, Mrs. Blank carefully matted the smooth muscles of Baroness lodger a opholog which Grant later as Grant held the strugging form of the woman spy, Mrs. Blank carefully patted the smooth muscles of Baroness Verbecht's shoulders with the handker-chief. For a moment nothing appeared, Then dimly the letters of written words

"He isn't in." said the landlady in

was topsy turvy, as if every receptacle in it had been carefully ransacked. The letter was gone, and in fact, everything

of them, were being taken and taken and taken and them they were covered over with sand, making them invisible except with sand, making them invisible except when one was very close to them. A good example of camouflage." The words the way farther back into the woods. The boal is higher in the water than the reloading has just been started a The Sound Boat Club, where it will be easy to procure a speedy launch, is only when the man the left the main term main term will a from here. While I go In for a momen"——"" "But, I'm not dressed to receive callers," expositulated the voice of the baroness. "But you must come out. You know you may not have another opportunity of seeing him." "I don't——," but Baroness Verbecht thought better of the caustic remark and stopped it halfway. A moment later she came from her room smiling a greeting to Grant. Mrs. Blank tufned to him. "I was sure you would be glad to see each other," she said in her sweetest tones. "You know, Baroness Verbecht is starting on a quiet but hurried jour-ney." The Baroness whirled in surprise. A

e their way rapidly toward the point where the boat had been lying. In a few moments it was in view, and also a strange sight. Two square sections of the beach seemed to be thited upward and from the hole thus made boxes, many of them, were being taken and carried to the boat. "Clever," commented Grant, "although simple. The mouth of the tunnel was closed with two doors flush with the beach and then they were covered over
