Each Day Reveals More Charming New Frocks for Autumn

Women are anxiously awaiting the new things that are arriving and they are pleasantly surprised with the attractive styles and pretty materials.

Soft Satins

in navy blue, black, taupe, green and wistaria are \$16.50, \$18.75 and \$19.75. They are rather plainly made, most of them, with white satin collars, self-covered buttons and little vestees to ornament them.

Lovely Georgette Crepe

continues to be as popular as ever. Navy blue, especially, is making many attractive things. Two new models at \$25 are here. The style sketched is in navy blue and black with beads on the bodice and on the overskirt.

Quaint

candlesticks — that are being asked for — almost as much today as they were in grand-mother's day — are here at 50c. The holders have a mahogany finish, and there is a candle with a pretty colored shade in each one.

Stamped Turkish Towels at 35c to 85c

are quite special. They are priced according to their sizes and all have pretty designs stamped, ready to be embroidered. They are all white or white with pink or blue borders or stripes, and are the soft, spongy kind of towel that is useful as well as pretty.

Scarfs

for the many tables all over the house—library, bedroom, living room, parlor or dining room—are in an attractive abundance. They are made of beautiful tapestry or of velour. \$2 to \$5.

Mercerized Lisle Stockings

White Brown Silver Taupe They are made of fine mercerized lisle with re-enforced feet and garter tops. 50c a pair.

Pillows

need new slips to freshen them for the Autumn. Lovelie slips of velour are the same on both sides, and are especially adapted to library pillows. \$1.50 to \$4 each.

Always Ready

Self-filling fountain pens that will give you good service are \$1.50 each. Come in and try one!

Maids

should always be neatly dressed, of course. Most women find that black lawn or soisette uniforms look best and so get them for their maids. Imitation soisette, lawn and genuine soisette may all be had in well-made black uniforms. \$3 to \$3.75.

Ribbon

—the narrow satin kind for underthings—will freshen and pretty them surprisingly. Blue, white or pink satin ribbon with figures in it is 1/4 of an inch to an inch wide at 25c to 90c a piece. There are 10 yards on each piece.

Children's Coats

for the little boys and girls of 1 and 2 years are made of white corduroy that can be washed. Some are straight from the shoulders and others have belts. \$3.50 to \$6.

Many Coats Are Wearing Reduced Prices

And a woman who needs a coat for the cool days of Autumn will do well to buy it now, when prices are much lower than they were originally. There are silk coats from \$5 to \$29.75.

Neatness

is greatly encouraged by enough room in which to put clothes away properly. The girl's room should certainly have a shirtwaist box in it—when you put one there you will find many less things lying around! The boxes are covered with clean, sweet matting. \$2.50 to \$7.

The Best Inexpensive All-Year-Round Rugs

There was a time when wool-and-fiber rugs were used only in bedrooms, but that time is past. Opinions have changed and so have wool-and-fiber rugs. Now they are in a wealth of well-designed patterns, as well as in the plainer weaves, and practically all of them are reversible.
