

# HAND HIM ANOTHER SHELL—QUICK!

He's facing death—cheerfully—every minute of the day that you and yours may live in peace and safety. The least that you can do is to keep him supplied with everything he may want or need in his job of licking the Hun.

There must be no delays. When the Seventy-fives are laying down their deadly barrage the gunners must always have a plentiful supply of shells ready to their hands. And it is up to you to supply those shells.

## Thousands of Lives May Depend on How Well You American Workmen Do Your Part

If you keep a steady, never - ending stream of supplies flowing overseas our boys will have no trouble in smashing the Hindenburg line. But if you lag, victory will be delayed and thousands of lives needlessly sacrificed.

It's a man's-size job, this business of supporting an army in the field—a job that demands ALL our energy, loyalty and enthusiasm every minute of every day.

To make sure that the supplies are never lacking YOU must stick to your job and put into your work the

best there is in you. There must be no lagging or shirking—no thoughtless changing of jobs, which slows up production and throws sand in the bearing of America's war machine.

It costs \$20 to \$200 every time a man changes his job. The man loses time and his machine stands idle when it ought to be working at top speed turning out those war supplies. It is your duty to see that this waste is eliminated.

## AMERICA WILL BE VICTORIOUS—IF YOU STICK TO YOUR JOB AND PUT INTO YOUR WORK THE BEST THERE IS IN YOU

*This campaign is supported in the interests of the "Win-the-War" movement by the following manufacturing interests, financial institutions, firms and individuals:*
