OUR ANNUAL SEPTEMBER FUR SALE

Begins Tomorrow

Make Your Own 20 Per Cent Reduction!
Every Piece of Fur Bears Its Regular Fall Selling Price!

This year more than ever our September Sale will prove its great value-giving significance. In prepara-
tion we purchased early the choicest skins the fur market afforded and manufactured them into capes, coats,
coatees and sets when the labor costs were at their lowest.

The results in plain facts are: Furs are worth in the market today fully 50% more than a year ago, though
our regular marked prices show very little increase over those of last season. It is from these already assured
low prices which you deduct 20% discount in this Annual Sale.

Uncle Sam will add a very substantial tax on all fur garments shortly, which naturally will mean still
higher prices later.

A Small Deposit Will Reserve Your Purchase in Our Storage Vaults Until Desired
