Wedding Bells for 56,230

Fifty thousand girls were married last year from the million Delineator families. More will be married this year. You may not manufacture wedding rings or trousseaux or traveling bags or furniture for the new home, but if you make any article used in American households, you should tell these fifty thousand brides about it. They start in where their mothers did before them by relying for advice on

Resinol

stops itching instantly

Don't let that itching skin-trouble torment you an hour longer! Just spread a little Resinol Ointment over the sick skin and see if the itching does not disappear as if you simply *wiped it away!*

And—even more important—this soothing, healing ointment rarely fails to clear away promptly every trace of the unsightly, tormenting, unless it is due to some serious internal disorder.

Resinol Ointment usually gives even prompter results if the sore places are first bathed thoroughly with Resinol Soap and hot water.

Resinol Ointment and Resinol Soap contain nothing that could injure or irritate the tenderest skin. They clear away pimples, redness and roughness, stop dandruff. Sold by all druggists.

Germantown Academy

Send Him to a School Where Every Day Brings Sound Training

Every recitation hour, every study hour is vital to the boy who expects his school to really train him. Boys are hoping for big things for this coming school year.

Germantown Academy wants just these boys because it has been the Academy tradition, since 1760, to graduate boys armed with best possible equipment to meet the demands of the day.

For generations the high standard and character of the Academy have been recognized by Philadelphia citizens. Philadelphia families boast sons, fathers, grandfathers, great-grandfathers—all Academy boys. 158th year opens September 19th.

Thorough college preparation. All-day school for boys in 1st Primary, 6th and Upper 6th Forms. Kindergarten supplemented with Liberty Tadd System for girls and boys four and five years old. Kindergarten is conducted in a separate building adjoining the Academy.

Military training this year with gymnasium work. Army setting-up exercises and drill will give good foundation for further work in this direction.

The Headmaster is at the office from 9 to 12 every school day and can be seen personally or reached by telephone Germantown 4440.

Trained Women Dietitians Needed in U. S. Medical Corps

One of the Government's great needs is for *trained* dietitians. To help supply them, Drexel Institute, in co-operation with the United States War Department, has prepared special training courses.

Graduates of these courses are eligible to certification for position as assistant dietitian, upon satisfactory completion of four months' probationary work as pupil dietitians in the United States Military Hospital.

1. A four months' intensive course for those who have had two years' college studies or hold a degree from some Domestic Science institution, and one year's occupational experience.
2. A one year's intensive course for college graduates.
3. A two years' course for high-school graduates.

Drexel Institute's special war training Dietetic courses have been arranged under the supervision, and have received the approval of the Hospital Division, Medical Corps, U. S. Army.

Students who enter these courses will be at once in training for their country's service. Uniform will be worn. Military regulations.

Enrollment will be limited and applicants carefully selected. Courses begin October 21.

The Army's need for trained dietitians is urgent, and the time is short in which to enroll.
