CHESTER PLANT GIRLS START BIG SMOKE FUND

\$72 Raised on First Patriotic Penny Day—\$50 on Second

Miss Virginia Farmer, of the fling department, Chester Ship Company, has found a new way to boost the soldiers' and sailors' morale and candy fund.

Every employee will be expected to "shell out" the pennies on that day and if he doesn't do it he may expect a sharp reminder from the girls who are backing the plan.

The General Pershing birthday stamp sale at the Chester yard was a great success even if it was Friday the 13th. The total ran over \$250 for the day.

The girls who worked at this were Misses Farmer, Mabel Fulton, Helen Sleigh, all of the fling department; Ernie Diamond and Mary McCarty, of the mailing department; Helen Purdy, accounting department; Margaret Nolan, construction department, and Miss Sheekler, training department.

JOHNNY COLE, the Smith and a few other of Bill Gallagher's men at the Harlan shipyard are back from New York. They spent several days scattering pennies along the Bowery and in Chinatown. Now they are back with life.

THE HARLAN BAND was pretty late getting around to its general manager's house after winning first prize at the shipyard band contest, and thought it a shame to drag him out of bed. But, bless you, the general manager was still in his evening clothes and he was not at all displeased to be called to the men and that was all they wanted.

THEY'RE WONDERING at the Chester shipyard what has become of Robert S. Gould, the man applied for work there, and exhibited a severe, achromal wound in the back received at Stone wharf with a Canadian resistor. He worked one night as

guard, and has not shown up nor called up since. WINTER NIGHTS will have no terror for the employees of the YH department at the Harlan plant, when their new plans and lot of vocal talent of their own. Let the wind howl, it'll have nothing on this bunch.

R. PARSONS has returned to his job at the Merchants bank, where he has been since the Atlantic coast. A. H. SANDLER, of the producing department, Merchant bank, had his hands full at the Y. M. C. A. feed.

MRS. PAUL TAYLOR, of the housing department, Sun Ship Company, will leave soon to join her husband, of the coast reserves, who is stationed at Norfolk, Va. Taylor is from Ridley Park, while Mrs. Taylor is from Chester.

HENRY CARSON has been putting up at the Harlan shipyard, at Wilmington, for about twenty-one years, and for the last four years has been head of the paint shop. There is plenty there for painting the ship and Hiram Griffith, Carson's assistant, is in the field.

THE PHILADELPHIA navy yard employees' tobacco fund has reached a total of \$10,000. Six thousand dollars have already been sent across the sea and the remaining \$4,000, just received for August, will soon follow.

FARWELL MILBOURNE, a football player with the Philadelphia Eagles, has been in the Chester shipyard, as did back today from Delaware. He has been in the shipyard for the past month. His sister, Miss Maude Milbourne, has been with him.

MISS MABELLE COCHRAN, of Ridley Park, who is doing her third engagement at the Chester ship office, has made an engagement for life with Paul Schaeffer, of the same office. The date has not been announced.

JOHN GILLESPIE, of the purchasing department at the Sun Ship office, has returned from his honeymoon. He and his bride are living in their own home at Glenolden, just bought for the occasion.

SEVERAL SUN SHIP office girls will miss the Sun Air Country Club and the dancing as a result of the fire there the other night. The chance of building a new club-house during the war is slim.

MRS. JOHN BELLE, of Stroudsburg, Pa., will join her husband, Miss Margaret Bartholomew, at the Chester ship office, where he is working on the ship. Incidentally, she will be closer to her husband, who also works for the Sun Ship Company.

ED WALTER, a shipfitter at the Cramp yard, wore the wrong hat to work the other day, and another fellow called attention to the fact that the German colors were painted on the straw. "Oh, with the Kaiser," said Walter and wore Hogan's dip home.

FRANK RICHMOND and George Pass, both of the Cramp yard, have had a misunderstanding concerning the form's suit. It is all over the question of free rides, which Richmond holds is undebatable.

J. CLARK, Eddie Jones, Grover Wagner and other Cramp shipyard workers had a box at the Harlan Park for the shipyard baseball series.
