Shipping Shares Demand Most Attention—Buying of Marine Preferred and Bonds Thought to Indicate Bullish News-Call Money Easy

## High Points in Today's Financial News

Business on New York Stock Exchange was largely made up of specialties. Marine preferred was prominent. Many issues made good gains on the Curb. Corn moved creatically. Cotton was irregular. Foreign exchange showed moderate improvement. An extra dividend of 10 per cen was declared by directors of the American Shipbuilding Company,

New York, Sept. 19. The stock market all through today was chiefly one of specialties with the trading in those issues at times active and with many of these stocks making wide advances. The shipping shares demanded most attention because of a belief that the persistent buying of Marine prefer red and the strength shown in the 6 per cent bonds was based on virtual completion of arrangements for consolidation of American steamship

red and the strength shown in the 8 per cent usual recompletion of arrangements for consolidation of American steamship lines and a sale of British properties to an English syndicate.

Many on the Street believe that the deal for the sale of the British lines has already been closed and only awaits permission from Washington for its announcement. This belief found confirmation in surmise from the advance made in Marine preferred today, which moved up more than 1 point to 103, while the bonds were also in demand, advancing to above 99.

These movements were followed by a gain of 4 points in Atlantic. Gulf and West Indies, which sold at 106. Industrial Alcohol was another strong feature, moving up 1½ to 116.

Trading in the general list was quiet, United States Steel ranging from 109½ to 1083, and showing little change at the end of the day.

Other steel industrials moved in equally narrow limits, and the railroad stocks, after a display of strength at the siart, were irregular in the afternoon, with Southern Railway in supply at a fractional loss, Money conditions were comparatively easy, with an over-uspily of call money on mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mixed collateral at 8 per cent, but no time money or mix

## TONOPAH-BELMONT ATTRACTS MOST INTEREST IN LOCAL MARKET

Makes Good Gain on 1000-Share Block Sale-Union Traction Higher-Philadelphia Electric and U. G. I. Decline

Activity on the Philadelphia Stock Exchange was confined to a few issues, business in the majority of the small number of other issues that appeared being confined to odd lots, with price changes mixed, but generally

The greatest interest was attracted to Tonopah-Belmont, which advanced 3-16 to 214 on a 1000-share block, which appeared after the noon hour. Philadelphia Electric was the only other home stock to show momentum of consequence, and it was inclined downward, losing fractionally after being slightly above last nights' close. United States Steel common did not develop much activity, and, after being a little lower, it became firmer in the

Lehigh Valley continued in demand and scored a small advance, while Pennsylvania yielded a fraction, and Reading Company, after showing a triffing gain, was a shade below yesterday's final quotation.

Rapid Transit trust certificates sold off to 261/2. Union Traction advanced %, United Gas Improvement yielded 14 and Lehigh Navigation held steady. and unchanged.

In the bond division the active issues were Lehigh Valley new 6s w. l., and Reading general 4s. The former advanced to 98% and the latter lost 1/4 of 1 per cent. Liberty Loan 41/4s were fairly active and firm.
