

the American bugbear is getting on the after their fighting at Mont St. Quen-Germans' nerves. The Lokal Anzeiger tin and Peronne, in which city they were hunted into the ramparts and "It was to be expected that the whole

Entente press would try to make a big success out of the operations at St defense. The cherman Alpine corps are the guier, which he defended by many ma-Mihiel when the American army fought

Pershing. Our hopes and expectations regarding the fighting capacity of the all-American army were somewhat pre-mature, as the German army did not fight for a decision, but went back to prepared positions as soon as the evacu-ation, which was being prepared for days, was ready: Vin spite of reports of booty and vic-tories, the Americans were unable to dis-

turb the retreat of the Germans from 5t Mihiel. In order to really endanger this the Americans and French main from the formula and the formul his the Americans and French would force, notwithstanding the beautiful

of painting the first American attack as a big success for political reasons. Even the progress of operations between Arras oissons does not fulfill Foch's hopes expectations."

MANY DIE IN VIENNA BLAST **Panic Among Workers Follows**

Explosion in Munitions Factory

Combres heights were re-force. notwithstanding the beautiful sky-blue coats of the officers and their superfluous pride over their own in-the tracks through the battlefield, look-

captured, and to the south the American attack was brought to a halt in time through the use of reserves. The gap between the northerly and southerly point of attack remained wide enough to allow the garrison of St. Mihiel to re-tire to gafety.

It is quite natural that the Amer-icans should take prisoners during this attack, although the numbers given are very exaggerated. The number of Ger-mans missing does not nearly reach the number of prisoners.

number of prisoners announced by the Americaus. Such falsehoods can only be explained by the Entente's necessity has only been broken down by the functional for their narrow chests. tunics too hig for their narrow chests. They were mixed in physique and class, has only been broken down by the determined efforts of our own men. some tall and strapping fellows walk-ing sturdily, others puny and hobbling

Holnon Village Captured to keep pace; some with clean-cut, healthy faces, others sailow and sickly and long browed and evil-looking. Down south, on the right of our line

Down south, on the right of our line of attack, a preliminary operation was carried out Tuesday by British and French troops around Holnon Wood and Savy in order to shorten the distance they wanted to go yesterday, and our troops captured Holnon village, while the French advanced half way through Savy Wood. In both cases machine-gun nests remained in the village as well as in the wood, with French and Brit-
