After three days of.

woods in a pocket, out of which they are now trying to get.

After three days of violent counterattacks the Germans have essayed only one mediocre attempt north of Exermast, which was easily broken up. This may have been to cover a withdrawal. The German artillery of smaller caliber is less active now, although they continue to send a large number of shells from big rifles stuck in behind the Kriemhilde line.

Must Complete Positions

The prediction made in these dispatches two days ago that the German resistance in the region of Montfaaucon and Apremont was due to a desire to put the Kriemhilde position in better them they had hiked seven miles in their quest and had three seven miles in their quest and had their off military training toward their off military training toward their off milita

and Apremont was due to a desire to put the Kriemhilde position in better shape, seems to hold good. Captured orders show that the troops have been commanded to hold this region until the Grandpre positions are ready.

Captured documents show also the troops have been would have died.

This division has made a name for the situation of the second administration. Farmers at curb markets made hiked will be delivered within a reasonable distance of the markets within the next few weeks. Householders were warned not been their potatoes too warm or two cold, for they will either sprout or freeze. Captured documents show also the importance the higher command lays on holding his Kriemhilde line, for behind this line there is no organized German nestion this side of the French position this side of the French who like and excel at mort of warfare, where strong backs and stout hearts play the biggest role.

Good weather did wonders for us in ing Munitions repairing the roads and reports are that traffic conditions have improved 100 per cent over two days ago, when, it may be

stated, our service of supply was n a sorry plight through no fault of the own. Determination and shovels have dug us out of a hole.

On hill 315, lying just east of Monta. is the observatory from which the German Crown Prince watched the fateful battle of Verdun. Turning about face one gets a most excellent view of what lies ahead of the first American army. A matter of ten kilometers to the right winds the Meuse River, the value of which one cannot see for the of which one cannot see for the ods. About two or three kilometers the north lies Nantillers, which we d, and down the road one may see church steeple of Brinelies, which is in our hands. To the north one tee out Hill 300, the key position to he Kriembilde line. From Montfaucon the village of Clerges. Over beyond Hill 217 lies Romagne, which is one kiloter this side of the German trenches. To the west from the hill south of carmont one may look up the Aire ralley and see the stream turn west at I. Juvan, hiding itself in the Argonne torset, where it runs to Grandpre about a mile south of the Kriemhilde line.

The terrain hereabouts is very hilly, rming strong positions for our use in pulsing German counter-attacks. West Exermont hill rise the dignified slopes the Argonne forest, the fastness of bich hide so many tales of heroism, it only of 1918, but of 1915 and 1916

Maying had now three good hot meals nee their supplies have gotten up, and wing had some semblance of rest and fh the rain halted and dry blankets stributed, our soldiers feel like new in and are ready for any sort of fight-If their spirits become a bit dampd, it must be remembered that it ned on Wednesday, the day before attack: rained on Thursday, Friday, day and Sunday, and has been dis-cold. CAMBRAI NOT FIRED

By the Associated Press

British Army Headquarters, Oct. 3.—
The enemy for some time past has been employing liquid air as a subgitute for high explosives which is an indication that he is beginning to feel the heavy losses he has sustained in war material.
The report that the Germans have set fire to Cambral does not appear to be confirmed. It is believed that the fire was caused by the burning of ammunition dumps.

CAPTURED 123,036 IN MONTH

Allies' September Catch on West Front Runs High By the United Press

The Allies took 123,036 German pris-oners in France and Belgium during Sep-tember, it was officially announced todoy.

The captives included 120,193 men and 2844 officers. During the same period the Allies captured 1600 cannon and more than 10,000 machine guns.

From July 15 to September 20 the Allies took prisoner 248,484 men and 5518 officers and captured 2869 cannon and 23,000 machine guns.

BOLSHEVIKI CHARGE SPY PLOT Friends of Former U. S. Consul

at Moscow Arrested at Moscow Arrested

Amsterdam, Oct. 3.—According to a dispatch to the Berlin Lokal Anzelger from Moscow, the Izvestia, the Bolshevik organ, announces the arrest of a number of persons accused of spying on behalf of De Witt C. Poole, the former American consul general at Moscow. Those arrested, says the dispatch include M. Kolmatiamoff, who is said to be a naturalized American citizen and chief of the American espionage agency in Russia.

The dispatch adds that a large quantity of documents was seized.

HOPE OF EARLY PEACE

Populace Urged to Maintain Order—Ferdinand Changed Attitude Over Night

By the Associated Press

Dispatches from Sofia state that the Bulgarian Government, in announcing officially that an armistice had been signed and orders given to suspend milltary operations, declared that it will be only a short time until peace is made.

The official statement says: "At this moment the Bulgarian na ion and army are saked, once hostilities tion and army are asked, once hostilities have been suspended, to maintain calm and order so that the Government may be able to complete the work of peace. Only a short time separates us from the days of definite peace. The nation must allow itself to be guided only by sentiments of ardent love for Bulgaria."

After representing the Bulgarian army as in a state of mutiny and confusion.

as in a state of mutiny and confusion, a Vienna telegram to the Rotterdam Nieuwe Courant concludes: "This state of affairs has forced the Central Powers to leave in the capital (Sofia) sufficient forces to preserve or-der, and especially to guard the lega-tions and the stores of food and war

Boris of Buigaria were at Veles a week ago to exhort the Buigarian troops to fight, telegraphs Professor Reiss, the Salonica correspondent of the Lausanne (Switzerland) Gazette. Their efforts were of no avail, the Auigaria soldiers throwing away their arms and retiring. Buigaria has not betrayed her allies, who were informed of every step she took through many European press channels, a Sofia dispatch to the Neue Zeltung of Zurich declares. It asserts also that, on the contrary, on September 22, for instance, King Ferdinand sent an urgent appeal to trerman headquarters for military aid, giving notice that he otherwise would be forced to open negotiations with the enemy. Germany, however, repilled that it was impossible to comply. Amsterdam, Oct. 3.

The news of Bulgaria's unconditional surrender now is being published in the German press. It was admittedly withheld intentionally from public knowledge for a time because the German official world refused to credit it until the last

"We are betrayed," is a sentence that frequently appears in the newspaper articles. The Frankfort Gasette is the first to admit that the surrender is a direct consequence of the development on the western front, and it described King Ferdinand's reported messages of loyalty to the German and Austrian Emperors and constituting 'a psycho-logical riddle."

The Cologne Volks Zeitung is deeply pessimistic regarding the future. It

would be unwise, it says, to place any
