

# Dollars to Fight *This* Sort of Thing!

In the diary of Karl Scheufele, of the Third Bavarian Regiment of Landwehr Infantry, was this passage:

"On the night of August 18-19, the village of Saint Maurice was punished for having fired upon German soldiers by being burned to the ground by our troops. . . Neither man, woman nor child escaped. Anyone who ventured to come out was shot down or bayoneted. All the inhabitants left in the village were burned with their houses."

And to scores of women and little children death by fire was a merciful end.

What man, safe at home, can sit with a dollar in his pocket while the unspeakable Hun ravages Europe?

Today is your chance to make sure that your wife and your children may never have to suffer the agonies which now exist in war-torn France, bleeding Belgium and devastated Poland and Servia.

Buy all the Liberty Bonds you can with the money you have, and buy on installments with every cent you can save in the months to come. Help teach the Hun that brutal might must always fail.
