

SOLDIER'S LAST WORDS FOR LOAN

"Buy Bonds," Phila. Boy Writes; "We'll Do the Fighting"

FIVE FROM HERE DEAD

Four City Men Dead, Thirteen Wounded—Two From Nearly Killed

"Buy bonds, you folks at home, and we'll attend to the fighting in the front line," he wrote Sergeant John C. Cain, of Company I, 109th Infantry, only a few days before he was killed in action.

"I believe that this will be the last war for a century or more, and we want to end it right and end it as quick as we can. So you people give us the proper backing and we will do the rest," he added in a letter to his brother, Edward P. Cain, 2609 Fairmount avenue.

The Germans are pushing France to pieces, presently, and we want to get them out of here before they can run any more towns.

A total of 436 names appear on the combined casualty lists for today, the smallest in two weeks. Of this number, sixty-one are from Pennsylvania, thirty-seven young soldiers from this city and district are included in the day's reports.

Four have been killed in action, one has died of disease, seven have been wounded severely, sixteen are only slightly wounded. Two from nearby towns have been killed, two have been gassed and two wounded.

Known As "Pop" Cain

Sergeant Cain was born in the parish of old Nativity Catholic Church, and went to the Parochial School connected with it. He was known to his friends as "Pop" Cain because of his high spirits and bustling ways. He was a fine all-around athlete, an expert swimmer, with a record for saving several persons from drowning, a fair boxer and a certain good wrestler. While training at Camp Hancock he won the 125-pound wrestling championship of his regiment.

He was only seventeen years old, but was holding down a good job in the Philadelphia Electric Works when he enlisted in the old Third Regiment, National Guard of Pennsylvania, back in 1914. He served through the Mexican border campaign, helped to guard bridges near Harrisburg, Pa., and had the finishing touches of his training for overseas duty at Camp Hancock. When getting to France he had many narrow escapes from death, but always pulled through until a machine-gun bullet laid him low. He was a member of Company I, 109th Infantry.

SKETCHES OF THE HEROES

SERGEANT WILLIAM E. HILL, wounded in action, is the son of Mrs. William E. Hill, 1117 North 13th street. Several days before he received the "Department" notification a letter arrived from her son telling her that he had been shot through the ankle and thigh, but that he was feeling all right and, he could hardly believe it, but he knew that I will be able to get you home again. I am very anxious to get back to the regiment before all the fighting is over."

Sergeant Hill was in the old Third Regiment, N. G. P., in 1911 when he was eighteen years old, and remained in that unit continuously through the Mexican border campaign and the subsequent Spanish war. He was in the 109th when the Third Depot Brigade at Camp Hancock was attached to Company I, 109th Infantry.

Three brothers of Sergeant Hill, Edward, Thomas and William, were killed in action. A younger brother, Thomas Hill, is a sergeant in the Headquarters Company of the 154th Depot Brigade at Camp Meade.

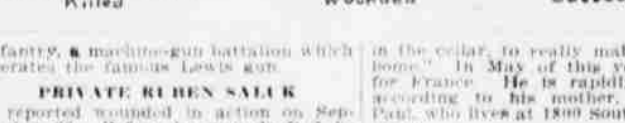

CORPORAL PHILIP H. DORN, reported wounded in action in today's official casualty list, is recovering in a hospital recovering from an attack of influenza. He is recovering very nicely, and he is expected to be discharged some time ago by his mother, Mrs. Robert A. Dorn, 2333 North 83rd street, according to a letter which reached her yesterday. Her letter will reach you before the War Department telegram comes, she said, "and you will not be worrying about me. I have had a bad touch of mustard gas and am burned about the arms and body, but my eyes look very nice and my eyes are all right. Some weeks later she heard that her son had been sent to a convalescent hospital and would soon be out and discharged again. Young Dorn's father is connected with the Curtis Publishing Company.

Corporal Dorn is a graduate of the Central High School and was engaged in the advertising business in New York when he enlisted in the old Twenty-ninth Regiment, N. G. P. He served through the Mexican border campaign and was held in reserve, after that being called to the colors again shortly after the United States entered the war. He was called for the officers' training camp at Fort Sill, Okla., where he was turned down because he was under weight, and failed to pass the physical test. Nothing daunted, however, he returned to the National Guard, went to Camp Hancock, was attached for a time to Company I, 109th Infantry, and eventually assigned to Company A, the 109th
