Quartier Generale Italiano, 29 ottobre

Quindicimila prigionieri austriaci oltre stati catturati dagli italiani e dalle truppe Alleate durante l'avanzata attraverso il Piave.

Roma, 29 ottobre.

Un comunicato del Ministero della Guerra, redatto in base ai rapporti del Comando Supremo delle forze italiane al fronte di battaglia, annunzia che le truppe italiane ed inglesi, continuando la loro offensiva nella regione de Piave, hanno abbattuto le linee austriache sopra un largo fronte.

Le truppe Alleate hanno aperto una grande breccia attraverso le linee nemiche a nord-est di Treviso, avanzando per piu' di cinque miglia sopra un fronte di quindici miglia sulla sinistra del Piave. I villaggi di Borgo Malanotte, Tezze, Raie, San Michele di Piave, Cimadolmo, Ormelle, Roncadelle, Tempio e Bianche sono stati catturati. Le truppe italiane si trovano a meno di un miglio dal fiume Monticano.

Nella regione della montagne gli italiani hanno esteso i loro guadagni a nord del fiume Ornic. Numerosi prigionieri sono stati catturati in addizione ai 9000 annunziati dal comunicato di ieri.

In Albania gli italiani sono entrati nella importante citta' di Alessio, a venti miglia a sud di Scutari, ed avanzano ora sopra San Giovani di Medua.

Il comunicato ufficiale dice quanto appresso:

"La dodicesima e l'Ottava armata hanno esteso la loro testa di ponte A nord del torrente Ornic abbiamo guadagnato altre posizioni vantaggiose.

"Ad oriente di Grave di Papadopoli il nemico ha ceduto terreno. Noi spezzammo le linee nemiche ed abbiamo liberato i villaggi di Borgo Malanotte, Tezze, Raie San Michele di Piave, Cimadolmo, San Paolo di Piave ed Ormelle. Siamo entrati in Santa Lucia di Piave e Vazzola, avvicinandoci al fiume Monticano. Altri prigionieri e cannoni sono stati catturati.

"In Albania abbiamo occupato la citta' di Alessio e marciamo sopra San Giovanni di Medua."

Il comunicato ufficiale pubblicato dal Ministero della Guerra, la scorsa notte, dice quanto appresso:

"Le nostre Armate, in unione ai contingenti di truppe Alleate, hanno traversato il fiume Piave con la forza delle armi, costringendo il nemico ad un aspra battaglia, mentre disperatamente si sforzo ad ostacolarci la via.

"Tra le pendici delle alture di Valdobbiadene e la foce del torrente Soligo, le nostre fanterie hanno assalito, passarono, durante la notte, e sotto un violento fuoco, sulla sinistra del fiume, attaccando le linee frontali del nemico ed occupandole. Sostenuti dal fuoco dell'artiglieria piazzata sulla riva destra, gli italiani guadagnarono terreno e respinsero tutti i contrattacchi nemici lanciati durante il giorno.

"Piu' a sud la decima Armata, prendendo vantaggio del successo delle truppe inglesi a Grave di Papadopoli, costrinse il nemico ad una ritirata e respinse due contrattacchi in direzione di Borgo Malanotte e Roncadelle. I prigionieri presi durante la giornata di ieri hanno fatto aumentare il numero ad oltre 9000 e cinquantuno cannoni sono stati catturati.

"Le aeronavi italiane ed Alleate, con estrema audacia, attaccarono le truppe nemiche, volando a basse altezze.

"Durante un locale combattimento sul Monte Grappa furono catturati altri 50 prigionieri. Il nemico attaccando violentemente il Monte Grappa, occupo' i piedi delle posizioni degli italiani, con grande sacrifizio. Subito dopo la fanteria italiana in un sanguinoso combattimento respinse il nemico e riguadagno' il terreno che aveva perduto."

AUTO ACCIDENTS HURT 4 BOYS

One Suffers Skull Fracture. Driver Held as Deserter

One boy is in a serious condition today with a fractured skull, and three others are injured as a result of automobile accidents yesterday. The driver of one machine was arrested as a deserter from the navy.

Lloyd Brooks, fifteen years old, is in a serious condition at the Philadelphia Homeopathic Hospital, with a fractured skull, and Alfred Jones, fifteen years old, 2934 Ellsworth street, suffered a fracture of the left leg by being run down by an automobile driven by Neil McCarty, of 2130 North Twenty-fourth street. He was taken to the same institution. The accident occurred at Thirty-third and Vine streets.

The arrest of Clarence Pearson, twenty years old, of 405 North Twelfth street, for running down of Lewis Lonsdale, eleven years old, while driving an automobile at Broad street and Columbia avenue, disclosed that Pearson was a deserter from the navy for more than a year, according to a confession he made at the police station.

William Geiger, aged five, of 2012 Ellsworth street, ran in front of an automobile driven by William Hawk, of 2344 North Twenty-sixth street. The boy was taken to the Women's Homeopathic Hospital. Hawk also will be given a hearing at Central Station today.

WANTS CHILDREN NEARER

Mother Takes Legal Action Against Father Whom She Divorced

Suit to obtain the return of her children from Montreal, Canada, where they were placed in educational charge by their father, was begun in Municipal Court today by Mrs. Rose Haman. The mother wants Lillian, seven years old, and Helen, two years younger, placed in school near this city where she can see them frequently.

Through her attorney the mother charges that the father, Edwin Haman, had the children removed from school in Abington.

Mr. and Mrs. Haman have been married twice. They were first married in Philadelphia in 1904. Mrs. Haman obtained a decree of divorce ten years later on grounds of cruel treatment. The couple remarried in Camden the same year. A second divorce was obtained on the same grounds two years later. The decree, dated November 29 for a year, is the appeal.

SHIP NEWS

POPULAR GIRL WORKER LEAVES CHESTER YARD

Miss Virginia Farmer, Penny Day Originator, May Come to Philadelphia

The Chester Ship office is soon to lose Miss Virginia Farmer, one of the leaders of the younger set there. Miss Farmer hails from North Carolina, and has made a host of friends in Philadelphia and Chester in the few months she has been in the North.

It's home where Miss Farmer really prefers to be, and it was only a desire to do something to help win the war that brought her this far. It came about in this way: An aunt, Mrs. Le Gate, also of North Carolina, was in charge of the general fileroom. Naturally, Miss Farmer chose a job under the aunt.

Now that Mrs. Le Gate has been transferred to the Philadelphia office of the company, Miss Farmer is not quite so pleased as she used to be. She will probably finish out the year at the Philadelphia office and then go back to her home to stay.

Miss Farmer has been very active in most affairs at the shipyard. It was she who started the "patriotic penny day" collection there for smokes for our soldiers and sailors. Somebody else will probably continue this work after she leaves. Each Wednesday several girls make the rounds of all departments during the noon hour and each employe is asked to give up his pennies. The girls have thus averaged about $50 a week.

Miss O. D. Shary has taken Mrs. Le Gate's place in the Chester fileroom.

NOTED GOLFER AT HARRIMAN

Chisholm, Rejected for Service, Works in Merchant Yard

D. Scott Chisholm, known from coast to coast as a golfer, heads the civic service department at the Merchant shipyard at Harriman.

By the way, this is the man who is said to have induced Harry Lauder, a fellow-countryman, to come to the United States professionally.

Mr. Chisholm has crossed this country fifty-four times, and is Highland piper extraordinary to several golfing clubs in New York and San Francisco. After trying to enlist in several branches of the service, Mr. Chisolm gave up and went to the shipyard to do his bit. He wears a service button showing that five of his family are fighting at the front.

COLIN T. HOLMES, formerly secretary of the Y. M. C. A. at the Merchant shipyard, has become secretary of the international committee and representative of the National War Work Council, developing Y. M. C. A.'s in Pennsylvania, New Jersey and other States. His headquarters are at the international office in New York, but he will still live in Trenton.

HARRY DEL CAMPO, of the Merchant W. S. department, is a disappointed man. He bought and located a swarm of bees and sent all the way to Trenton for honey with which to hive them. They turned out to be mosquitoes.

AL. COOPER, assistant chief payroll clerk at the Harriman yard, ought to have a rowboat. Miss Lynn, of the employment office, He, too, lives in Burlington, and is wondering how he's going to cross the river after the ice gets thick. Expect him to solve that little difficulty all right. Cooper knows several girls who come down each morning on that Trenton train.

WEDDING CAKES are a specialty at the Merchant shipyard commissary, and it's a wonder more people don't double up, just to get in on one of these cakes.

ROY SELLERS, price clerk at the Chester Ship office, thinks he has a vacation coming, and where do you suppose he's going to spend it? Why home, of course, but it's not home so much as it is a certain girl who lives nearby. Sellers hails from Council Bluffs, Ia., and he hasn't been there for two years. Consequently, he hasn't been with that girl in all that time. So he begs told him to take two weeks and linger, if necessary. Sellers is fat and (went) tired and thus is the first to be sent away from home. The girl's picture, which he keeps ever handy, has been a comfort to him. Sellers spent three years in the Union Pacific Railroad office at Council Bluffs and is a good clerk. Maybe he'll bring back one of those town blue pigs he delights in talking so much about. The boys believe him, but they want to see the blue.

MISS LORAINE REED, file clerk in the accounting department at the Chester Ship office, has left to join the navy as yeoman. She will be assigned to the late aviation office at the shipyard. The uniform has not arrived yet, but soon.

H. B. BOTHUM, chief clerk to the auditor at the Chester shipyard, has been made second assistant auditor. P. R. Johnson succeeds him as chief clerk. Bothum's new position was just created. He was with the Midvale Steel Ordnance Company before going to the shipyard.

MISS ORA STARK, of the Merchant Ship tabulating department, is spending two weeks at her home, in Steubenville, O.

WALTER SHAW, a recruit in the Pusey & Jones electrical department, has been made a night leader.

PHIL SWISLER and Charlie Reidenger, both of the cost department at Pusey & Jones's Gloucester plant, had a hard time getting started for Virginia with the United States Marine Band, but some of the boys were at Broad Street Station at 11:30 p. m. to make sure that they were going.

JOE VOLK has left the Sun Ship Company at Chester to go back to the Pusey & Jones Wilmington plant, where he spent nine years in the drawing room.

JOHN HALL, of the boat yard at the Pusey & Jones Wilmington plant, is proud of the fact that three of his boys are in the service. Robert is a sergeant at Camp Meade, George a sergeant in France, while William, the youngest, is driving an ambulance over there.

A NEW LOT of soft coal has been dumped in at the Pusey & Jones Gloucester engine room. Jack of the office building, and if A. Anderson don't get to it first with his "English briar" it will be burnt in the furnace.

MISS SARAH MILLER, of the Merchant Ship office, attends night school in Philadelphia.

MERCHANT SHIP GIRLS knit over their ice cream and cake at the bakery and they never drop a stitch, unless it happens to be a warm day and the ice is running away from the cream.

SPEAKING OF CAKE, E. L. Wiggins-worth, chief painter at the Merchant yard, has enough to last him a lifetime, to say nothing of pies. This man is forty-two and fat, and when the boys heard he was staging a party out on his forty-third they bought out the barkery, and dumped the whole lot of pastries on his desk with a lot of flowers.

SAM SPEEKMAN, checker in the Merchant construction stores, recently had to inspect 5100 panes of glass.

18 SHIPS, WEEK'S OUTPUT

Total of 98,900 Deadweight Tons Added to American Fleet

Washington, Oct. 29.—Eighteen new ships, of 98,900 total deadweight tons, were added to the American fleet during the week ending October 25. The deliveries, announced by the shipping board, included the Victorious, an 11,800-ton vessel, built at Alameda, Cal., and the Cape May, 10,100 tons, built at Sparrows Point, Md.

Men Needed at Shipyards

The epidemic caused the death of many shipyard workers, and many others went to their homes in distant States, so working forces have been reduced. The yards now seek mechanics and other workers, and today every man in search of employment was given work. The New York Shipbuilding Corporation wants all the men it can get, as the new south yard soon will be ready for operation, and the force there will number 5000, making about 18,000 employed by the firm.

PROSPECT OF PEACE ANNULS SHIP PLANS

Fleet Corporation Cancels Order for 90 Barges and Abandons 1920 Program

Prospects of early peace have caused the Emergency Fleet Corporation to cancel orders for ninety barges and to abandon all plans for production after the close of 1919. The barges were to have been used in domestic service.

Announcement was made today by Charles Piez, vice president of the corporation, that the work is now directed entirely toward carrying on the program already undertaken. No modification of this program, to end in 1919, has been made, save the cancellation of some orders for barges and tugs. Many changes, principally cancellation of orders, have been made in the program laid down for 1920, however, in view of the fact that the end of the war seems in sight.

Orders for ninety barges of 2500 tons each were canceled yesterday, Mr. Piez said, because the craft would not have been available for this winter's needs. In August, when there was a great demand for them and peace seemed far off, the orders were placed. These needs of August have been greatly modified, Mr. Piez pointed out, probably because of the prospects of peace.

HEINZ HITS JACK O'LANTERN

Time-Honored Pumpkin Goblin Barred as Food Waste

The time-honored jack-o-lantern made of pumpkin is under the ban this year. Not because there is danger of its wide grinning mouth and glaring eyes frightening the faint-hearted, but because it is a waste of food to carve grotesque faces in the side of a pumpkin.

Howard Heinz, Federal food administrator for Pennsylvania, has barred this historic feature from the Halloween celebrations. At the same time he forbids the wasting of corn, beans, peas and apples.

Substitutes must be found, for Mr. Heinz makes it the patriotic duty of every one to save the food that might thus be wasted.

"This is a year of utmost economy," said Mr. Heinz, "and it is imperative that every scrap of food must be saved. It is estimated that hundreds of bushels of apples, and thousands of pumpkins, besides literal quantities of corn, beans and peas, are used every year in the Halloween celebrations of the people of Pennsylvania."

WILL AIDS TWO CHARITIES

Eva K. Coons Makes Bequests to Jewish Institutions

The will of Eva K. Coons, late of Philadelphia, who died at Atlantic City, October 17, was probated today. The will disposes of an estate valued at $50,000. The Federation of Jewish Charities and the Jewish Foster Home and Orphan Asylum are to receive $2500 each by the terms of the will. The remainder is bequeathed to the children and grandchildren of the deceased.

The will of the Rev. Edward W. Hart, formerly pastor of the Columbia Avenue Methodist Episcopal Church, was also admitted to probate. The estate is valued at $6000. The personal effects of the estate of Samuel Olcott have been appraised at $114,792.75.
