JUST GOSSIP ABOUT PEOPLE

Nancy Wynne Speaks of the Coming Concert Under the Auspices of the French Committee-She Tells of Miss Gowen's Approaching Wedding—Other Subjects

WERE you not sorry to hear of the] death of Natalie Walton's husband? He was Major Thomas Aller, U. S. Medical Corps, you know, and was a very prominent oral surgeon. They were married on June 1 and were so happy! Major Aller contracted pneumonin about a week ago and died Tuesday night at his home on Greene street in Germantown. 1 understand that he will be buried next Saturday and that the interment will take place in All Saints' Churchyard, Torresdale.

Major Aller was a member of the National Guard and was on the border two years ago. He was also in France in 1916 for six months with the American Ambulance. His wife is a most charming woman. How terribly sad these things are.

WAS so delighted to see Sophie Norris yesterday. She looked so well, in spite of her hard work in France. Somehow. tiring though it is, the having some definite work to do is a great thing for us all and we thrive on it. Sophie looks lovely in her war cap and uniform. She has been in charge of a "Foyer du Soldat" of the Y. M. C. A. for more than a year and evidently has had a broad vision of what was needed by the boys and has given it to them-fun, fellowship and food. Can't you see her dancing on the cobbled streets with them? She has so much go and I think ,uite a decided bit of understanding of human nature, and that is what is needed in the work she has been doing. She's come home to work for the United War Council's campaign that has the Y. M. C. A. in its make-up.

TALKING of Sophie makes me think of L the wonderful work that was done here in collecting clothes for the Belgians last month. Her father, G. Heide Norris, was greatly interested in that, and he tells me that they collected carfuls of clothes. One car weighed 36,100 pounds and another 36,235 pounds that is the weight reported by the railroad for the first two cars sent). The other shipments, of which no report has as yet been made, were just as great, The committee in charge of this work includes besides Mr. Norris, Mr. Paul Thompson, Mr. Stockton Townsend, Mrs. Gardner Cassait and Mrs. Bayard Henry.

TSN'T Mrs. Henry a wonderful woman? She is interested in everything connected with Belgium and has made her committee of the Emergency Ald a great success. But really you can't say more about one committee of that admirable institution than another, can you? Mrs. Stevenson is wonderful in the French work, Mrs. Newbold on the British, Mrs. Miller on the Italian, Mrs. Lorimer for the Armenian, Miss Nina Lea for the Serbian, and so on. I can't remember them all, but I know when I talk to any one of those women am utterly lost in admiration of them and their work.

THE Fren h committee has this concert Lat the Metropolitan next Tuesday night, you know. It's going to be wonderful. It's the famous French orchestra, and the members are traveling through this country under the auspices of the French Government for war relief benefit. When you have heard them you won't sigh for the music of Germany. They are magnificent. Messager, the leader, is world famous, and Corteaux, who will be here, is considered one of the best in the world, I am told by members of the French committee of the Emergency Aid.

I GLAD to hear that Muriana Gowen has recovered sufficiently from influenza not only to be married on Saturday at St. Paul's Church, but to have a dinner evening before and go through with the rehearsal. It was pretty hard all round to change all the plans, for when an officer obtains leave for one time it is not always easy to change that time and arrange for a later leave. But one way or another it was done, and Mariana will be the bride of Lieutenant B. Dawson Coleman, U. S. A., on Saturday at 3:30 o'clock. Mr. G. Dawson Coleman, the lieutenant's father, is to be his best man, and I do so like that. Not that it matters much to any one just what I like, but it is such a nice thing to have one's father take part in one of the greatest days of one's life, don't you think?
