# Now Men Should Dress Better Than Ever in Their Lives, for the Spirit of the Times Is Inspiring

## First Be Sure That You Have Not Got

a beam or mote in your own eye before you attempt a surgical operation on other people's eyes. "That's fine," the man said when he heard it; "where did it come from?" "Thy tongue," dear man, "betrayeth thee," as an old poet has written.

How little some of our fathers taught us, while the old fathers in Israel taught their children daily from "The Book of the Law," until they had it almost word for word. But the point of this conversation is to be careful that we are not in fault ourselves when we speak unkindly of and take exceptions to others. Careless speech often parts people who should be friends and who might be very helpful to each other.

The whole idea of all this large business we are spending so much of our time, thought and strength upon is to be exceptionally and unequivocally helpful to its patrons.

We prepare ourselves thoroughly to do this one thing.

For whatever else comes to us will be satisfactory compensation.

[Signed]

## Saturday News of Young Women's Pretty Winter Suits and Dresses

### Winter Suits, \$32.50 to \$50

All are in new and good Winter styles, and quite a few are suits which have been considerably more expensive than their present prices.

They are of plain and silvertone, velour and duo-delaïne cloth in reindeer, burgundy, taupe, green and blue and in plain tailored, dress and fur-trimmed styles, suitable for general or better wear. All are warmly lined and well made, and all are in 14 to 20 year sizes.

### Young Women's Dresses, \$20 and \$25

These are dresses of wool jersey serge, velveteen and of lustrous satins in models for school, business or better wear. There are the pretty brown shades, blue, black, green and other fashionable colors. Some are braid trimmed, some embroidered and others in plain tailored styles.

Like the suits, these too have been higher priced and are exceptionally good values for the prices.

14 to 20 year sizes.

(Second Floor, Chestnut)

## 200 Gay and Pretty New Winter Hats for Women—All Around the \$10 Mark

These are really winter hats, for the bigger part of the two hundred are charming little hats with fur brims, fur crowns, furry edges or soft fur trimmings.

But not all are fur trimmed. There are becoming new mashrooms of divyette, with just enough embroidery for trimming; new four cornered hats and picturesque new ostrich trimmed hats. Some have feather edges, and others have feather ornaments.

Large hats of black and colored velvets have gleaming bands of gold ribbon and colored flowers; others have flat velvet flowers.

There are colors to match all the new winter suits and coats and dresses—fashionable blues, plenty of browns, warm reds, taupe and beaver shades.

They are all new and pretty—styles suitable for young or older women—and there are many under as well as at the \$10 mark.

(Second Floor, Chestnut)

## Girls' Winter Coats Reduced to \$15 and \$20

## New Tub Dresses for Little Girls

Most of them are of clean, pretty chambrays in such solid colors as buff and soft greens and pretty blues or rose hues, but others are of plaid ginghams in attractive combinations.

And so many styles—she'd be a queer little girl who couldn't find one to please her! Some have wee yokes and smocking, some have broad and snowy smashes of white lawn, some have stitching in white or black, some have two little pockets. And there is much variety as to necks and collars.

Prices begin at \$4.50 and go up to \$7.50, and the dresses are in 2 to 9 year sizes.

## Women's Street Coats of the Finer Kinds

The latest arrivals are of the soft velours in the soft, dull shades—burgundy, certain tones of blue and green, browns, navy and taupe—and they have a luxurious look of comfort because of their big fur collars.

Another with crossed narrow belt, fitted body and skirt pleated at the sides. Collar of nearsal (dyed coney).

One with pleated back, hanging pocket and long shawl collar of Hudson seal (dyed muskrat).

At \$67.50, two velour styles with straight or belted backs and collars of nearsal or racoon.

A heavy storm coat of weather-defying frieze came with the velours—a grayish affair with big collar of racoon. This is \$65.

(First Floor, Central)

## Inexpensive Little Furs

"Little furs" to most women mean the neckpieces and muffs which look as if they grew on the suit they are worn with.

The neckpieces are generally shawl or muffer collars and the muffs round; while the skins are nutria, beaver,

squirrel, mole, Hudson seal (dyed muskrat) and natural muskrat.

Prices for neckpieces go from \$15 for one of muskrat to \$70 for one of beaver; for muffs of the same furs from \$16.50 to \$60.

(Second Floor, Chestnut)

Philadelphia has upheld its traditions so well in the great world conflict that the men of this city must feel more than ever inclined to come to a Men's Clothing Store which has upheld its standards of quality and service at a time when "the bars were let down" in so many places.

This Men's Clothing Store went into the war period an all-wool store and it has come out of it with that standard unlowered.

What matters to you men today, however, is to know just how closely these statements bear upon the actual stocks we can show you and the service we can give.

For the three things that count with men looking for suits, overcoats and service, are the suits, the overcoats and the service a store has to offer. We have suits and overcoats made upon the principle that the more we can give a man in service and style and satisfaction and fit, the more he is likely to deal with us. Our actual experience of going on sixty years is that good quality at a fair price brings men of sense back for more.

There is more really good quality in the suits and overcoats that we have to show today than will be found in any other suits and overcoats at the same prices in Philadelphia, a mere assertion perhaps, but we are thoroughly ready for any man who needs convincing on this particular point.

Men's suits \$28 to \$65.

Men's overcoats \$25 to \$100.

is always the best to invest in—that is a well-known fact, proven time and again by actual experience, but too often forgotten by people when they set out to buy.
