

ANGERED SUITORS END THREE LIVES

Two Men and Woman Dead
as Result of Double
Shootings

TWO COMMIT SUICIDE

Quarrels Over Spurned At-
tentions and Alleged Loan
Lead to Tragedies

Two men and one woman are dead, and another woman is slightly hurt, following double shootings that resulted from sweethearts' quarrels last night.

William Ellis, Rosewood street near Wolf, shot Miss Florence Kelly, who lived next door, and then killed himself. She died several hours later. Ellis became enraged when the girl spurned him because he was married.

Anthony Gionotti, Ellsworth street near Eighth, shot himself fatally through the head after slightly wounding Miss Frances Georgiana.

A note found in Ellis' pocket, addressed to Miss Kelly's mother, showed that he had planned to kill the girl.

"Dear Mother—This note will fix Florence on her last voyage as far as my part is concerned and do not want any one to have anything to say. My last wish is for Florence and me to go together. Do not bring my remains home."

Ellis left his wife and three children, who live in Chancery street near Shunk, four months ago. While living at the boarding house of Mrs. Effie Richardson he and Miss Kelly became friends. It was not until last night that she learned he was married and had deserted his family.

When he refused her plea to return to his wife she left him. He followed her to the kitchen and drew a revolver, when she said she would have nothing more to do with him. She ran screaming from the house and fell unconscious in the street with two bullet wounds in the abdomen and one in the wrist. Ellis then shot himself through the temple. Miss Kelly was taken to Methodist Hospital, where she died this morning.

The quarrel between Gionotti and Miss Georgiana is said to have arisen over \$5 he lent her and which he wanted to collect last night. He shot twice at her, both bullets striking in the arm. Gionotti died early today at St. Agnes Hospital.

Take Service Man Home to Thanksgiving Dinner

Take a service man home to Thanksgiving dinner?

Your turkey will taste twice as good if a boy in khaki or blue helps you eat it—especially if your own lad is in France or at sea this Thanksgiving.

The suggestion comes from the War Camp Community Service. It asks everybody—families, clubs, churches—to have the home latching hanging out for the men in uniform.

If you want to help, notify the War Camp Community Service in the Widener Building. But put your bid in early. They'd like to have forty-eight hours' notice to pass the glad word along to some lonely service man.

MATCH CAUSES BOY'S DEATH

Two Other Children Probably Fatally Burned in Accidents

One child is dead and two others may die as a result of three fires caused by careless use of matches.

In the case of John Buttery, fourteen years old, whose parents reside at 30 Robinson avenue, Rockledge, Pa., the boy's clothing was first accidentally soaked with gasoline, and then, it is alleged by the police, Harry Shultz, sixteen years old, of 1108 Hope street, tossed a lighted match toward Buttery, which immediately ignited the latter's clothing. The boy died upon his arrival at the Jewish Hospital. Shultz was placed under arrest by the police of the Thirty-fifth District.

While left alone in her parents' home, 940 North American street, Anna Cooper, three years old, played with matches, which ignited her clothing. When taken to the Roosevelt Hospital physicians there declared her injuries fatal.

Mary Mitchell, thirteen years old, of 4543 Elizabeth street, attempted to light a fire in the kitchen range at her home by tossing a burning match upon some oil-soaked wood in the grate. She was enveloped in the flames and may die.

TWINS, UNITED IN BODY AGREE AS WITNESSES

Freak Filipino Boys Tell Court They Want to Go With Father

New York, Nov. 22.—"Let the children take the stand," said Justice Benedict quite unexpectedly yesterday in the Brooklyn Supreme Court.

Whereupon Lucio and Simplicio Godino, whose undetermined age has much to do with the Justice's interest in them, slipped nimbly from their seat in the court room and, Lucio waddling naturally, Simplicio hobbling along backward, climbed in the witness chair sitting back to back. It was the face of Lucio that was directed toward Justice Benedict.

"They are twins, joined together at the base of the spine and were a popular attraction at Coney Island last summer until agents of the Society for the Prevention of Cruelty to Children intervened. Then charges of improper guardianship were made by the society and it was in connection with those proceedings that the twins were in court yesterday.

In the court room when the twins were summoned before the Justice was their father, Leoncio Godino, who had come all the long way from Manila because, he said, he loved his children and wanted to take them back home with him.

The representatives of the children's society alleged the twins are only eleven years of age. Senior Godo denied that and testified they were born March 2, 1902, in the island of Samar, Philippine Islands. It was the birthplace which gave them the exhibition name of the Samar Twins. Their mother is dead, Senior Godo told the Justice, while he has remarried.

"I love them," said the father, using the paternal of the islands, "and I want to give them my care." He testified he is earning fifteen pesos (\$7.50) a day as a cabman in Manila, and that he can give them a good home. While they were exhibited publicly, Senior Godino said, he received \$50 weekly.

It was when the father had reached this point in his testimony that Justice Benedict summoned the twins before him.

"Where were you born?" asked William A. Robinson, one of the lawyers in the case.

"At Saint, Samar," promptly replied Lucio, in a voice that showed no trace of Spanish accent. He said his father was kind and loving, and that he wants "to be with father." To which, as the Justice peered anxiously over Lucio's shoulder, Simplicio nodded affirmatively.

CHINA GIVES \$1,200,000

Contribution to War Work Fund Twelve Times Amount

Pekin, Nov. 22.—(By A. P.)—When John R. Mott, chairman of the American United War Work Campaign, suggested that China's contributions to the fund should be \$1,200,000 gold the Peking committee, the president of which is Dr. Paul Samuel Reinsch, American minister to China, advised him that the sum which might be expected would be \$200,000 silver, which is almost double the chairman's estimate. Reinsch now exceeds \$1,200,000 silver, which is virtually twelve times the amount suggested by Mr. Mott.

Seven cities have each promised \$100,000. The central government has contributed \$50,000 in gold. The Provisional Government of Kiangsu has pledged \$150,000, Szechuan and Shanhsang \$100,000 each and Chengde \$50,000. The feature of the campaign is the number of individual gifts, which range upward from the lowest copper coin. Meetings and parades are creating enthusiasm, and 50 per cent of the contributions are from Chinese.

HIGHWAY ACCIDENTS INJURE 8; ONE DIES

Powell went on the pension list two months ago. Clarence Chase, of Pittmore street, driver of the truck, was held in \$500 bail for a further hearing by Magistrate Grellis.

Samuel Stilling, four years old, of 4506 Merion avenue, who was struck by a trolley car near his home Wednesday night, died later in the Presbyterian Hos-

pital. It is said that he attempted to cross the street in front of the car when he was knocked down and his skull fractured. Jacob Fitcher, thirty-nine years old, of Union street, the motorist, was held without bail for the coroner.

Three persons were injured when a Fox Chase car jumped a switch at Rising Sun lane and Somerville avenue. Those injured were Margaret Moore, 918 Friendship avenue; Mrs. Frederick C. Shank, 630 Lawton street, and Albert Spiro, 502 Ryers avenue, Cheltenham.

LAST BAN ON BUILDING LIFTED

War Industries Board Chairman Says No Permit Is Needed

Removal of all remaining restrictions on nonwar construction by the war industries board was announced by Chairman Baruch.

All building operations of whatever character may be proceeded with without permits, either from the board or from State councils of defense.

This action was taken, Chairman Baruch said, on recommendation of the building industry and the State councils of defense. The councils had been cooperating with the war industries board in passing upon applications for building permits.

There was no estimate as to the value of building projects which had been held up during the war, but officials expect that resumption of work will afford employment for thousands of workmen now being released from war industries.
