Just One Month Now in Which to Get Ready for Christmas

Almost All Last Week's Days Were Foggy and Rainy

yet the clock wheels ran on just the same, marking the passing hours.

After today there are only two days to the Thanksgiving holiday.

After that Christmas will be in the thoughts of every one, and it will take all of the three weeks and a half to shape up

A Christmas Celebration

worthy of the year that halted the shot and shell of the war and built the first round in the ladder to reach up to do away with wars for all time.

The American people who have supplied the manhood, money and mettle have come off with flying colors, having gained a great victory. Now, then, let the

Commissioners of Peace

consider the journeying to the United States, meeting in our welcoming domain, or if they prefer, upon the nearby English soil at Toronto or Montreal or Quebec, and save much time in arranging, in definite terms, the only peace that will satisfy the hundred millions of Americans.

The time for negotiations is past. The time of a great opportunity has come. The United States, without delays, can and must

Dictate a Sure and Just Peace

giving all necessary courtesies to the Allies, who were, confessedly, unable to cope with their enemies without America's assistance.

When the papers in detail are signed and secured, then let us show, to the world around, the greatest

Christmas Celebration

since the Star illumined the sky over the stable, and the angels sang over Bethlehem of Judea!

You Can't Be Thankful if You're Shivering

The thousands who expect to spend part of Thursday outdoors, either at Franklin Field, or motoring, or at one of the services in the city squares, should be prepared for cold weather.

Heavier underwear is one of the chief considerations for everybody, and warm woolen stockings mean a great deal more comfort. One may often be warm otherwise, yet become ill from cold feet.

A fine little garment for women and one which can be worn over or under a waist is a woolen spencer. If you are going visiting to a home not so warm as your own, a spencer will keep you comfortable.
