### Re: The Character

At Chéri's - here one has the distinctively different dining place that all Philadelphia has been longing for -- an atmosphere of quiet case, harmonious surround ings, food quality and service. There is no "din" in dinner but real 'rest" in restaurant.

Chéri bridges the wide gap between the cheap, tawdry, noisy type and its expensive opposite.

Popular Prices for Particular People will prevail as the war-time economy of Cheri.

# "This War Was Fought With Oil and Gasoline"

Secretary Daniels, in an address to The Society of Naval Architects and Marine Engineers

Some said "food will win the war," some said "ships will win." The Secretary of the Navy says that gasoline played a leading part.

Thanks to the patriotic co-operation of Pennsylvania motorists, millions of gallons of Atlantic-the "gas" that "puts pep in your motor" -were released for war winning needs.

The war time sacrifices of Pennsylvanians have made it possible for us to maintain a supply here. "Atlantic" is on the job in its uniform vigor and mileage-boosting ability.

Atlantic Gasoline won honors abroad. It formed the backbone of the supply for the aviation service where the best was necessary. It drove the engines of tank, truck and tractor, ambulance and submarine chaser.

We take pride in Atlantic Gasoline achievements and thank our patrons who through their saving and self-denial made them possible.
