Scraps About Scappers

Young Johnny Dundee is in town looking for a fight. He is a one-time champion fighter as Patsy Wallace, Battling Leonard or Max Baucus.
Jack Weinstein, manager of Eddie O'Keefe, at last secured his fighter for a match. After trying for several weeks to sign O'Keefe with some good featherweight boxer, matchmaker George Engel, of the Olympia A. A., matched Eddie to meet Young Holliday at the Broad street arena on December 16.
Benny Valzer, the French lightweight, is confident that he will take K. O. George Coakley in the final bout at the Olympia A. A. Monday night. Phil Bruchman, of Brooklyn, and Harry (Kid) Brown, of the South Philadelphia High School, is the semifinalist. Three other good bouts are on the list.
Phil Glassman has signed Lew Tendler to take part in two bouts within three weeks. On December 10, Lew will travel to Newark where he engages Frankie Callahan, of Brooklyn, over a twelve-round contest. On New Year's afternoon Rocky Katus, of Buffalo, will be Tendler's opponent in a ten-round scrap at the Bison city.
Young McGovern is confident that he will defeat Jack Sharkey, of New York, when they meet in the final bout at the Cambria A. C. tomorrow night. If McGovern wins he demands a match with champion Pete Herman. There are four good matches on the program besides the wind-up.
Johnny Dundee and Johnny Healy are getting in shape for their scheduled second encounter at the National A. A. on Saturday night. Johnny Hayes Abe Atwell's pull match Young Holliday in the fourth bout.
Bobby Lincoln, of New York, and Whitey Fitzgibbon will be the contestants in the final bout at the Hog Island A. A. tonight. Kendall meets Eddie Bell in the semi-wind-up. Harry Grant and Chick Lawrence, Johnny Belmont and Young Dundee and a battle royal will feature the rest of the program.

To The Dealers Who Have Waited Four Years For

F-W-D TRUCKS

One Size— 3-Ton Capacity

F-W-D Trucks are back on the market. Backed by ample manufacturing facilities for prompt delivery. With service records that double the force of every assurance we give—or you give—of performance for users in every line of hauling.

F-W-D dealers who have steadfastly waited four years without trucks—and you who have waited to join us—you can imagine with what pleasure we are permitted to say:

You Can Now Have F-W-D Trucks—Prompt Delivery

Many of you have customers waiting. America's representative dealers who know what an exceptional demand there is for this truck—with its unequalled performance—with its economy scores. Here is the opportunity. Dealers who can handle it are invited to get in touch with us at once. Wire—or, better still, come to the factory.

The Four Wheel Drive Is The Four Wheel Drive of Clintonville

It is at Clintonville, Wisconsin, that the most remarkable history of truck manufacture has been made in the last four years.

French government officials call our truck, "Le Camion de Clintonville," the Clintonville truck. To the English it is "The Clintonville Lorry."

It is here that the Four-Wheel-Drive principle has been developed to the success that gives it a world-wide reputation.

Our exclusive construction gives not only more power, but more economy. Economy of fuel, economy of tires, economy of upkeep.

The even distribution of power means traction in four wheels—therefore, less waste power, less wear on tires, less vibration. It means ability to go over roads and obstructions that could not be negotiated by a rear-drive truck.

It means a balanced load, 45 per cent on the front axle and 55 per cent on the rear axle.

On the merits of our construction we have built the largest Four-Wheel-Drive factory in the world.

Fortunately you have opportunity to go into the details of this truck at close range, as we are strongly represented in this territory. Call, telephone or write to
