PAIGE
Ghe Most Beautiful Car in Amerioa

Proof of quality lies in the reputation a motor car has wan after many years of public service.

It rests also in public confidence-the firm belief in the honest value of that product under any and all manufacturing and selling conditions.

The extraordinary demand for cars that now confronts the Paige is extremely gratifying and proves once more that the Paige-in War-Time or in Peace-Time-holds its place as the best dollar-for-dollar value in its field.

This popular clamor for Paige cars is, however, somewhat embarrassing. It will be several months before our factory can reach normal production. There is no magic wand to transform War-Time plants intoPeaceTime plants over night.

We are forced, therefore, to ask your patience and indulgence. We are doing our utmost.

We suggest that for your protection you file your order for a Paige car at once, so that there may be as little delay in delivery as possible.

Our salesroom will be open until 10 P. M.
