

KERENSKY ASKS FOR SQUARE DEAL

Former Premier Appeals to U. S. to Prevent Exploitation of Russia

FEARS ALLIES' POLICY

Pins Faith in Wilson to Prevent Another Brest-Litovsk Robbery

London, Dec. 11.—Alexander Kerensky, former Russian Premier, declared in an interview today that Great Britain and France are opposing the unification of Russia, because it would restore her to her former international position. He appealed to America to prevent the "exploitation" of Russia.

"England and France are seeking to impose another Brest-Litovsk upon Russia," said Kerensky.

"The treaty by which the Bolsheviks betrayed Russia to Germany was signed at Brest-Litovsk."

"I ask America, as paralyzed Russia's true friend, to protect her from exploitation by her former Allies."

"Russia fought three years for the Allies. It was due to her that America had time to prepare and administer the knockout blow. Now the Allies ought to deal honestly with Russia."

"When the Russian people, despite the Brest-Litovsk treaty, were continuing their fight they called upon the Allies for military aid. This help rapidly developed into an organized attempt to exploit Russia's wealth and cut off Russia from Europe by a barrier of their quasi-independent States. Thus, they are completing the treaty of Brest-Litovsk which Germany began."

"The Peace Conference ought to guarantee the integrity of Russian territory as it was before Brest-Litovsk, affording the opportunity for a real solution of her problems. This could be brought about by the formation of a confederation like America of all the Russian States."

"This is not an unrealistic dream. The Bolsheviks control about a fourth of Russia proper and a sixth of Siberia on the basis of population. The balance is composed of independent States which have thrown off the Bolsheviks' authority."

"I believe it is possible to call a general election for a constituent assembly, to include delegates from every part of Russia. England and France oppose this because it would restore Russia to her former international position. They opposed my going to America in September because they did not want America to know the truth about Russia."

"The victorious Allies are forgetting their idealistic war aims. England and France already have agreed on the division of their spheres of influence in disintegrated Russia."

"If three men are fighting a brigand and one of them is knocked out, the others, who continue to whip him, ought to help their comrade to his feet, instead of robbing his pockets."

"I appeal to America to remember the good side of Russia's part in the war as well as the unfortunate fate of the President Wilson's presence at the Peace Conference will prevent any brigandage."

CHICKEN a la King depends for its goodness on three things—an absolutely fresh chicken—a perfect blending of the sauce—and to be served immediately it is cooked—not to simmer on the stove a couple of hours merely waiting to be ordered. The Chef here makes Chicken a la King a dish fit for the Gods—though it's oftener ordered by Goddesses!

FEARS GERMAN BANKRUPTCY

May Be Unable to Pay Taxes or Indemnities

Amsterdam, Dec. 11.—The Cologne Zeitung warns against possible bankruptcy of Germany and declares that unless the financial situation is improved the Germans will be unable to pay either their taxes or the indemnities expected to be demanded by the Allies.

"The present socialist Government, with its continual demands for higher wages while Germany is unable to produce export, is bound to hasten bankruptcy," the newspaper says.

The Zeitung suggests that the National Assembly establish a strong financial program in which, contrary to the Socialists' views, taxation would be divided equitably among the whole population. Otherwise, the newspaper predicts, there will be most far-reaching financial catastrophe.

Declines to Make Statement Now on "Efforts to Prevent" War

Lille Mothers Demand Punishment for Former German Emperor

By the Associated Press London, Dec. 11.—William Hohenzollern will not make any statement as to his efforts to prevent the outbreak of war in 1914, according to the Amerongen correspondent of the Express. The correspondent has finally succeeded in having submitted to Herr Hohenzollern questions as to his pacific attitude before the war and his steps to prevent hostilities. Count von Bismarck, the host of the former Emperor, received the correspondent after the questions had been laid before Herr Hohenzollern and it is reported to have said: "The Kaiser much appreciates your message and thanks you. He says: 'Tell him, if there is any possibility of my becoming a defendant, I prefer postponing anything I have to say until that time. In addition I do not desire in anyway to compromise any member of the Government as it existed at the time of the outbreak of the war.'"

Paris, Dec. 11.—Legal action against the former German Emperor has been commenced by an organization of "Lille Mothers". The demand for prosecution states that the commanders of the German army in April, 1918, directed that minor girls be carried away from their families, that they were submitted to odious treatment and forced into close contact with notorious women.

The statement of complaint says that, whereas said commanders were thus guilty of the crime of abduction and that they were under command of their former Emperor, prosecution is demanded.

Commercial Co. Head Explains Congestion—Attacks Burlington

New York, Dec. 11.—(By A. P.)—In a statement last night attacking Postmaster General Harrison's plan for the unification of cable lines, George C. Ward, vice president and general manager of the Commercial Company, declared the present congestion is not due to failure to use the lines to their full capacity, but to the fact that seven of them are broken.

Four of the broken lines belong to the Western Union Company, he declared, one is French and two are the German lines taken over at the beginning of the war, one by France and the other by England.

President of California Association Predicts General Exodus

San Francisco, Dec. 11.—(By A. P.)—A general exodus of brewing capital from the United States to the Orient was predicted in a statement by Rudolph Samet, president of the California State Brewers' Association, which today ended its annual meeting.

"We are looking to China as the best place to go," Mr. Samet said. "I am leaving in a few days for that country to arrange for the construction of a \$2,000,000 plant for the Rainier Brewing Company. Other breweries are making similar arrangements."

The brewers' association, Mr. Samet said, had decided to make no organized protest against President Wilson's executive order, suspending the manufacture of beer, the Sheppard prohibition amendment to the agricultural appropriation bill against the proposed prohibition amendment to the Federal constitution.
