### Adventures With a Christmas Purse

FOR the school teacher now, how much more sensible it would be for all the children to put together and give her a nice basket of fruit, than for each one to take a little gift, which chances are ten to one she cannot use. Of course, these baskets of fruit need not be for teachers only. They are lovely flat baskets with the most luscious tempting fruit—bananas, grapes, apples, pears—and each piece is so ruddy and perfect, it almost looks like wax. But I assure you the fruit doesn't taste like it! These baskets are priced at \$5.
