Brachold's New Plan

Wouldn't Fit in Well

SHOULD RETAIN THREE-MAN RULE

Garry Herrmann States One Person Is Likely to Make Mistakes Easily

MAY LOSE HIS JOB

New York, Jan. 15 .- Garry Herrmann, tanch member of the National Easeball Commission for the last sixteen years, today began a fight to save baseball from what he thinks would be a had time for it-a one-man national commission.

Herrmann declares he has little worry Senator Gibbs Plans to Legalize over what happens to himself as chairman of the commission. In fact, he wouldn't be so terribly regretful if the two big leagues should decide that the

nate, long has wanted a major league franchise, and is how allied with Rus-sell Gardner, Memphis, in an altempt to swing a deal for the St. Louis club.

Released

Washington, Jan. 15.—President Ban
Johnson, of the American League, this
infternoon started a movement intended
to round-up baseball players of the A.
E. F. in time for the 1919 season.

The War Department promised to
check up on the fifty American League
players now abroad and as far as possible inform Johnson of their prospects
of return. In cases where men are in
organizations likely to come home soon
Johnson will keep their places open and
exert no special pressure for their discharge.

But where men appear likely to remain a long time abroad Johnson indicated that he intends asking General
Pershing to free them under the War
Department ruling that those with good
positions open to 'them can be discharged.

Local Golfer Almost Won

Pinchurst, N. C., Jan. 15.—W. E. Truesdell, seniors champion, won the Tin Whistles annual tournament here yesterday. He ided the field of forty-eight players with an S3 gross on the No. 3 course. C. L. Becker, of Phinadelphia, handicap 6, hung on well, but cashed in on the eighteenth green.

front and was sent to Cagaux, the location of the most famous air machine gan school in the world.

Later he was sent to Dunkirk, where he served for three months, engaged in submarine patrol duty with the Twenty-third Division of the French and a leg broken, he dived several and a leg broken, he dived several

into craft, one fore and one aft of client—an experience calculated to desthe stronger the stronger than the comming tower. The destruction of the undersea warrior was complete, only fragments of rags, wreck-lage and oil being left on the surface. For this performance Lipsey received the Croix de Guerre.

Two weeks later, near thalous on the Marre, he was attacked by a big two-scated albatross, which he brought down in flames. He was cited for the lipsey man limb to the foot. His injuries, scated albatross, which he brought flaished his career as a military avistor. He was sent home, debarking at New-military cross. He was instrumental nor News and arriving in Philiadelphia.

Model "12" Two-Ton

"A Feat of Engineering"

Every chassis part is capable of withstanding excess strain. Model 12 has been a huge success because of this factwhich minimizes the dangers of overloading, wipes out repair bills and makes service costs less formidable.

The motor is rugged, economical and very simple. It is a real truck motor with a long stroke, great bearing surface, posi-tive oiling and efficient combustion. There is power in it for every occasion and a wealth of unexplored power for emergencies. Clutch and transmission with extra heavy gears, shafts, bearings, etc., capable of twice the duty ever required of them. Frame, front axle, springs and steering mechanism all possess the same excess capacity and balanced construction as in the other units.

In the rear axle, however, you will find the real Republic feature. Acting independently a massive I-beam carries the load while Republic-Torbetson Internal Gear Drive applies the power-92% of which is delivered to the wheels. Republic model 12 is, in short, a commonsense, heavy duty

New Hupmobile Price

The new price of the Hupmobile Touring Car and Roadster is \$1335, f. o. b. Detroit, effective January 7th.

Motor car labor and materials remain at their high-cost level, and are likely to continue unchanged for some time to come.

Nevertheless, the return of our production to a quantity scale enables us to restore the Hupmobile to this lower price basis. It took the curtailment enforced by war to make us realize how

strong a hold the Hupmobile has upon our people. The shortage revealed strikingly that it was this car people wanted—wanted, because of the peculiar kind of fine and faithful service they were sure it would render.

The Hupmobile is not classed as a four-cylinder car, but almost always referred to in terms of its remarkable performance and its very marked economy.

The value of The Comfort Car, and this unusual service and economy, is greatly enhanced by the new and lower price.
