DEFENDERS OF DEMOCRACY

Portraits of soldiers: MICHAEL DI PILLA, Wounded; NATHAN FOX, Wounded; SAMUEL PORTER, Died; SGT. GEORGE WITZEL, Wounded.

Private George W. Couso, 4011 Haddon street, reported missing since October 1. He finally been located by the War Department. His parents last heard from him several times in the last few months. In one letter home he said that he was suddenly taken ill on the march and fell out unconscious. He is a member of Company G, 204th Engineers, and has been overseas since last July.
Private Samuel J. Porter, a member of the Supply Company, Seventy-sixth Field Artillery, died on Christmas Day, according to a telegram from the War Department received by his aunt, Mrs. Charles Geis, 2833 West Harold street. He had been suffering with meningitis and pneumonia, the official report said. Private Porter enlisted in May, 1917, and trained at Fort Slocum and Kintnersville for some months before sailing for overseas. In a letter written for him by a comrade under date of December 15, he said that he expected to recover and that he did not think it would be long before he was back again in old Philadelphia.

Private Nathan Fox, previously reported missing and listed in today's casualty list as severely wounded, has fully recovered and is now doing clerical work in a convalescent camp. The first Washington report, received in December, stated that he was missing in action October 27. This news did not greatly worry his parents, Mr. and Mrs. Jacob Fox, 1422 North Fifth street, for several letters had come from the wounded hero to a hospital in France, telling them of his experiences. On January 13 the War Department reported that Corporal Fox, who was promoted in France, was convalescent in a hospital. By that time other letters had arrived from him in the convalescent camp, where he was then employed in doing clerical work in the building home of other wounded and convalescent soldiers. Just as soon as he is released from his present duties he expects to be sent back to this country. Corporal Fox is a member of Company

PEN ARGYL MILL BURNS DOWN

Bar Fixture Factory Destroyed, With Loss Estimated at \$800,000. Altoona, Pa., Jan. 22.—(U. S. A. P.) A fire that threatened to get beyond the control of the Easton, Bangor and Luzerne fire departments, which were called into the latter town, completely destroyed the large Pen Argyl mill and furniture works of Fitzgerald Street. The fire broke out at about 10:30 p. m. and spread rapidly, burning for three and a half hours before being brought under control. The factory is 200 by 100 feet, four stories, and in the vicinity are many dwellings, which for hours became the chief concern of the firemen, and ultimately were saved.

WOODBURY COALMEN PEEVED

Woodbury, N. J., Jan. 22.—Coal is coming into this city at a far more rapid rate than it is being burned. The bins at all the dealers' yards are bursting, and it has been necessary to dump the shipments at any old place. A good many residents did not put in a winter's supply last summer or fall, and are now buying only as they need it, which is not at a very rapid rate on account of the mild weather.

DRINK Purock WATER. Unless you drink water of known purity you are taking a chance. This is not a reflection on anyone or any institution—it is a plain statement of fact. To say that you cannot afford Purock is to say that you cannot afford to protect your body from disease. Surely no thoughtful man or woman in Philadelphia is so poor as that!

Try Loganberry Jiffy-Jell. The flavor is made from fresh Loganberries. We use many berries to make the flavor for a single Jiffy-Jell dessert. The flavor comes in liquid form—in a vial. So it gives to Jiffy-Jell a wealth of fresh-fruit taste. It comes ready-sweetened, and the cost is slight. A single package serves six people. There are ten flavors, but try Loganberry. Ask your grocer for it now. Try Pineapple flavor too. Tico Packages for 25 Cents. At Your Grocer's. Jiffy-Jell—Waukesha, Wisconsin.

-mild? Sure!—and yet they "Satisfy" Chesterfield CIGARETTES of IMPORTED and DOMESTIC tobaccos—Blended. Sure, they're mild! But that doesn't say it all. Because Chesterfields deliver a new kind of cigarette enjoyment. They let you know you're smoking. They hit the "smoke-spot." In short, they satisfy. Yet, they are mild! It's the blend that "turns the trick." And the blend can't be copied. That's why it's Chesterfields or nothing if you want this pleasure—plus. Right now!
