New York, Feb. 7.—Booming lawn tennis is the game that the delegates to the thirty-eighth annual meeting of the United States National Lawn Tennis Association will play tonight at the Waldorf-Astoria. It is to be the greatest harmony session in all the history of the American courts.

There is the prospect of matches for the Davis Cup this year, although the earlier plans were made for a challenge to Australia, and Italy is intending to do so.

The meeting is likely to develop only one unusual feature—the awarding of the national championship doubles to the Western Lawn Tennis Association.

WESTERN STAR IN PENTATHLON

Earl Gilfillan, of Notre Dame, After Johnny Bartels's Title

TRACK TEAM SELECTED

The pentathlon event to be decided on the first day of the University of Pennsylvania's twenty-fifth annual relay carnival is shaping up as one of the most important and interesting events of the collegiate track season.

Yesterday the entry of Earl Gilfillan, the Notre Dame versatile athlete, was received. With Johnny Bartels, of Penn., the present champion; Thompson, of Dartmouth, and Gilfillan competing this contest looms up as one of the best of the gigantic carnival.

Gilfillan competed here last spring, but claimed he injured his knee in the first event, the running jump. He is a great all-round athlete, having run the 100 yards in 16 1-5 seconds; 120-yard hurdles in 15 1-8; cleared 22 feet in the broad jump; thrown the discus more than 120 feet and the javelin 150 feet.

The two courts on the roof of the Wanamaker store are in big wire cages and can be protected from the wind by canvas "brakes," but there is no roof overhead. With such weather has been provided so far this winter, it is perfectly feasible, however, to hold a tournament in the open air.

Dr. Walter Peet, a member of the American Rowing Association and a noted crew critic, was an interested spectator at the practice yesterday afternoon. After watching the men, Doctor Peet said: "My chief criticism is that the Pennsylvania men relax too much on the water. Thus, when they get on the water the boat will be off her keel, which is fatal to speed. However, Wright will correct this, and with his scientific angle of the blades on the catch, the boat will be stabilized."

Two pairs came through into the final round of the doubles, Miss Bjurstedt and Miss Eleanor Sears defeating Mrs. D. C. Mills and Mrs. W. H. Pritchard by a score of 6-0, 6-1, and Miss Clara Casse and Marie Wagner taking the measure of Mrs. Hannah L. Wood and Miss Goss at 6-3, 8-8.

GIRARD

13c two for a quarter smaller size 10c

Smoke after meals, and not before meals; smoke moderately, and smoke Girards. Then you won't need worry about any ill-effects of smoking. The Girard is full of ripe and mellow flavor and aroma, but there's not a hint of harm in it, and not a tincture of regret. That's why doctors recommend it—and smoke it, too.

Our Coal Prices Adjusted

For over a year we have been compelled to pay and thereby charge a higher price than some of our competitors.

The President of the United States and the Federal Fuel Administration at Washington, D. C., ordered it so. We believed it was wrong and objected. But we took our medicine like many other Loyal Americans. We played the game square. We delivered Good Coal. We gave decent—polite—service to more consumers than we ever served before. Today we can and do adjust our Cash Prices.

Pea,	\$9.05 per ton.	Egg,	\$10.30 per ton.
Nut,	\$10.65 per ton.	Stove,	\$10.55 per ton.
