UNION WOMEN ASK 8-HOUR DAY

League Here Launches Campaign for State Law Amendment

Y. W. C. A. CO-OPERATES

Meetings Will Be Held in Industrial Centers to Obtain Public Support

The Women's Trade Union League of this city has begun an active campaign for passage of an eight-hour law to apply to all women workers.

The new law would take the form of an amendment to the existing act regulating the employment of women in industry. A bill to amend this act was introduced in the Senate at Harrisburg February 19 by state senator Clarence W. Schantz.

Under the existing law, as amended June 1, 1915, no woman employe may be required to work more than six days or more than forty-four hours in any one week. The longest day may not exceed ten hours.

The proposed amendment would be permitted to work in or in connection with any establishment for more than six days in any one week; or more than forty-eight hours in any one week; or more than eight hours in any one day; provided that, for the sole purpose of making a shorter workday on one day in the week any female may be employed by such establishment on each of the other five days of the week for a period of time not exceeding eight and three-quarter hours.

Colonel Landon, commenting on the national "home dry" law, expressed the belief that it would be accepted cheerfully by the doughboys. "They have been given light wines and beer in France," said the Colonel, "but they are good Americans and willing to make personal sacrifices whenever the happiness and efficiency of all the people is at stake. Personally I think the soldiers favor the law for they feel that it will increase the industrial efficiency of the nation."
