COTTON RAISERS AIDED

Senator Hoke Smith Says They Will Be Greatly Benefited

Washington, March 13.—The most important thing that the last Congress did for the farmer was to make good the government's guarantee of a minimum price of \$2.32 for wheat...

Mr. Lever came very close to being elected a United States Senator last summer, and would without doubt be a member of the Senate now had he not listened to the appeal of President Wilson...

Then President Wilson made a personal appeal to Mr. Lever to withdraw from the race on the ground that the administration was an old Confederate veteran...

Mr. Lever withdrew a few weeks later. Senator Tillman died suddenly. Lever attempted to get back in the race and the President was anxious that he should and offered him his strongest support...

Fillbuster Held Up Farm Project. Very material increases in the amounts appropriated for agricultural extension and farm demonstration work...

Hoke Smith's Activity. Senator Hoke Smith, of Georgia, a member of the Senate Agriculture Committee, expressed his belief that the increased appropriations for farm demonstration work in all the states was the greatest thing done by the last Congress...

DECLARE KOREA IS INDEPENDENT

"Voice of 20,000,000" Raised Against the Oppression of Japan

Nipponese Flag Lowered and Gendarmes Charge Crowd of Manifestants

By the Associated Press. Seoul, Korea, March 13.—The declaration of Korea's independence says it represents the voice of 20,000,000 persons speaking in the name of justice and humanity.

"We are no mean people," the declaration continues. "We have forty-three centuries of history as a distinct self-governing nation. It is our solemn duty to secure the right of free and perpetual development of our own national character, adapting ourselves to the principles of the reconstruction of the world."

Japan Called Oppressor. The declaration continues that it is the duty of Koreans to secure their independence, to wipe out injuries, "get rid of our present sufferings" and "raise up the national spirit and vitality, so long oppressed by the unjust regime of Japan, and leave our children eternal freedom, instead of a bitter and shameful inheritance. We shall fight to the last drop of blood in the great cause of liberty."

CLARK DENIES SAYING LEAGUE WAS BLOCKED

Ex-Speaker Brands as "Lie" Report Concerning Senate Situation

By the Associated Press. Atlanta, Ga., March 13.—Champ Clark, ex-Speaker of the House of Representatives, in a signed statement given out here last night, denied the report that the league of nations has no chance to be ratified by the United States Senate.

"Anybody who says that I said 'President Wilson's league of nations has an equal chance of being ratified as you have of being Pope of Rome' is a malicious liar," the former Speaker asserted. "I have studiously avoided discussion in my lectures of which is a mathematical demonstration. I never spoke to Congressman Mays on the subject in my life, and it so happened that I did not have any conversation with him about anything for a good while, as I had no reason to do so."

SEES BOLSHEVISM'S FALL

Germany to Blot Out Terrorism in Russia, Says Dernburg

Paris, March 13.—(By A. P.)—If Germany succeeds in crushing Bolshevism at home, it will cause it to decrease in Russia, since Bolshevism arises from an idealist phenomenon which needs success to keep it alive, says Dr. Bernhard Dernburg, former Colonial Secretary of the German Government and one of the official mouthpieces for Emperor William in the United States, in an interview at Weimar published in the Echo de Paris.

"When calm is restored," he continues, "Germany will be able to plan economic action in the East to stamp out Bolshevism. Germany's best plan, in my opinion, would be to go ahead as quickly as possible with social reforms. It must be proved to the German people that their rulers are doing everything possible to relieve them materially and to help them to develop themselves morally and intellectually."

"That, I believe, is the basis of the existing government, and I have reason to believe that these methods will give good results."
